

AWPACK Product Catalogue

Every product AW Packing Material Co., Ltd manufactures, grouped into ten lines. Product pages with full specification tables are at awpack.com/products.html.

AW Packing Material Co., Ltd has specialised in air cushion film, air pillows, air pads, inflatable packaging bags and protective packaging bags for more than 10 years, on its own film blowing, film printing and bag making lines, using 100% pure virgin material.

Air Cushion Film — 30 products

Rolls of pre-sealed PE film that leave the factory flat and become air pillows, bubble, quilt or small tube cushions at your packing bench. Because the finished cushion is 99% air and 1% film, a single 300 m roll replaces pallets of pre-formed void fill.

Product	Description
Inflatable Air Bubble Bag for Protective Packaging	Air quilt film is a continous roll of small bubble or small tube
Fill Air Film for Protective Packaging	small tube air cushion film is a continous roll of small bubble or small tube
Small Tube Air Cushion Film for Protective Packaging	small tube air cushion film is a continous roll of small bubble or small tube
800mm Wide Inflatable Air Bubble Packing Bag for Protective Packaging	Inflatable air bubble is a continous roll of small bubble or small tube
300*200mm Shock Proof Cushioning Inflatable Air Pillow Packaging	air pillow is a continous roll of small bubble or small tube
600mm Wide Inflatable Air Cushion for Protecting Goods	air cushion is a continous roll of small bubble or small tube
400*160mm Inflatable Air Bubble Packing Bag Protection Film Wrapping	air bubble is a continous roll of small bubble or small tube
HDPE Air Bubble Film Air Quilt Film Roll for Protective Packaging	Air quilt film is a continous roll of small bubble or small tube
400x320mmx300m Air Cushion Air Quilt Film for Box Buffer	Air quilt film is a continous roll of small bubble or small tube
Factory Price Air Cushion Quilt Film 4 Row Bag Rolls	air cushion quilt film is a continous roll of small bubble or small tube
4 Row Air Cushion Bag Film Rolls	air cushion bag is a continous roll of small bubble or small tube
Bubble Wrap for Packaging	bubble wrap for packaging is a continous roll of small bubble or small tube
400MM Width Air Cushion Film	air cushion film is a continous roll of small bubble or small tube
Air Cushion Bubble Bags and Film Rolls	air cushion bubble bags is a continous roll of small bubble or small tube
Plastic Inflatable Air Bag	plastic inflatable air bag is a continous roll of small bubble or small tube
Air Bubble Film Wrap	air bubble film wrap is a continous roll of small bubble or small tube
HDPE Reusable Inflatable Air Pillow Air Cushion Film Bag	inflatable air pillow is a continous roll of small bubble or small tube
Air Cushion Bag with 100% New Raw Material	Air cushion bag is a continous roll of small bubble or small tube
Air Cushions Protective Packaging Bag	air cushions protective packaging bag is a continous roll of small bubble or small tube

Product	Description
Air Bubble Film Inflatable Packaging	air bubble film inflatable packaging is a continous roll of small bubble or small tube
Biodegradable Fill Air Bag on Roll	biodegradable fill air bag on roll is a continous roll of small bubble or small tube
High Quality Air Inflatable Bubble Film 400x320mm China Manufacturer	Air bubble film is a continous roll of small bubble
200MM Width Air Pouch Air Cushion Film	Air pouch air cushion film is a continous roll of small bubble or small tube
Cushioning Fill Air Bag for Carton Inner Packaging	Cushioning fill air bag is a continous roll of small bubble or small tube
Inflatable Air Pillow	inflatable air pillow to protect the contents of your packages
Air Cushioning Void Filler Bag	air cushioning void filler bag is a continous roll of small bubble or small tube
Protective Packaging Air Bag	protective packaging air bag is a continous roll of small bubble or small tube
Biodegradable Inflatable Air Cushion Film	biodegradable inflatable air cushion film Roll is a continous roll of small bubble or small tube
Air Cushion Film Roll for Protective Packaging	Air Cushion Film Roll for Protective Packaging to protect the contents of your packages
Inflate Void Filled Packing Air Pillow	Inflate Void Filled Packing Air Pillow to protect the contents of your packages

Air Cushion Machine — 2 products

Bench-top air filling machines that inflate and heat seal air cushion film as your packers need it. One operator feeds the roll and the machine produces a continuous chain of cushions, so void fill is made at the point of use instead of being trucked in and stored.

Product	Description
AWPACK-005 Fastest Industrial Air Filling Machine	Filled air cushion machine from the best protective packaging factory
AWPACK-004 Mini Type Air Cushion Machine	Filled air cushion machine from the best protective packaging factory

Air Column Bag — 6 products

Multi-layer PE and PA co-extrusion bags with individually sealed air columns, shaped to the product they carry. Because each column is a separate chamber, a puncture takes out one column and the rest of the jacket keeps holding the product.

Product	Description
Air Column Bag for Fruit	Air column bag has been used widely. The main field of application is transport packaging. It also can be used in the fi
Air Filling Bag for LCD TV Computer Monitor	Air filling bag has been used widely. The main field of application is transport packaging. It also can be used in the f
Inflatable Air Bag for Electronic Product Packing	Air column bag has been used widely. The main field of application is transport packaging. It also can be used in the fi
Protective Air Column Bag for Milk Powder	Air column bag has been used widely. The main field of application is transport packaging. It also can be used in the fi
Inflatable Airbag for Toner Cartridge	Air column bag has been used widely. The main field of application is transport packaging. It also can be used in the fi

Product	Description
Inflatable Airbag for Wine Bottle	Air column bag has been used widely. The main field of application is transport packaging. It also can be used in the fi

Air Column Machine — 3 products

Inflating machines and bag making machines for air column packaging. The inflators fill and seal flat air column bags at the packing station; the bag making machines produce the bags themselves for converters and distributors.

Product	Description
Q/L/U Type Airbag Filling Machine	Air column bag machine for inflating air column roll,Q/L/U type air column bag.
High Speed Industrial Air Column Bag Making Machine	Air column bag machine for inflating air column roll,Q/L/U type air column bag.
Air Column Machine Airbag Inflating Machine	Air column bag machine for inflating air column roll,Q/L/U type air column bag.

Paper Cushion — 33 products

Honeycomb paper, kraft void fill and the machines that convert them. Slit and expanded kraft paper opens into a honeycomb structure that grips the product and absorbs impact, so a pack can be plastic free without giving up protection.

Product	Description
Eco-Friendly Honeycomb Paper Sleeve for Wine Glass Bottle Wrapping Paper Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Honeycomb Kraft Wrapping Paper Sleeve Protective Sleeves For Wine Bottles Honeycomb Paper Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Honeycomb Paper Sleeve for Wine Glass Bottle Wrapping Paper Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Craft Wrapping Paper Honeycomb Paper Sleeve For Fragile Goods	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Honeycomb Paper Sleeve for Fragile Items	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Eco-Friendly Honeycomb Paper Sleeve Honeycomb Paper Protector	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Eco-Friendly Honeycomb Paper Sleeve Honeycomb Paper Core Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
22cm 45cm Honeycomb Paper Sleeve Bottle Protective Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
35cm 45cm Honeycomb Paper Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
Honeycomb Paper Sleeve	Honeycomb paper sleeve is an innovative protective packaging that is 100% biodegradable and recyclable, it is an ideal r
500mm Cutting Width Cardboard Perforator	The machine adapts unique "cutting" technique to make dropped corrugated boxes into a soft bulky green-shockproof cushio

Product	Description
425mm Cutting Width Carton Shredding Machine	The machine adapts unique “cutting” technique to make dropped corrugated boxes into a soft bulky green-shockproof cushio
325mm Cutting Width Cardboard Shredder Machine	The machine adapts unique “cutting” technique to make dropped corrugated boxes into a soft bulky green-shockproof cushio
Paper Bubble Machine	1. Simple operation, one-button start 2. Speed up to 10m/min 3. Multiple paper types are available
Electric Honeycomb Paper Machine	The electric honeycomb paper machine has two operation modes, automatic mode and pedal mode, which can be selected accor
Automatic Honeycomb Paper Machine	The honeycomb paper machine has multi functions of adjusting speed, timing mode, automatic mode, foot pedal
Manual Paper Filling Dispenser	1. High-quality manual tabletop filling dispenser 2. Ready to pack at any time 3. Height can be adjusted freely 4. No el
Paper Packaging System With Basket	1. Easy to store and efficient packaging. 2. Good molding effect. 2. Has a user-friendly interface. 3. Both Virgin paper
Kraft Paper Cushion Machine	1. Desktop paper cushion machine. 2. High efficiency and good molding effect. 2. Has a user-friendly interface. 3. Both
Paper Pad Machine	1. Desktop and portable, switch between different places 2. Has a user-friendly interface 3. Both Virgin paper and recyc
Paper Filling Machine	The paper filling machine produces filling material from 100% paper. This allows you to cushion your sensitive goods in
Eco Friendly Fanfold Kraft Paper Void Fill Paper	Fanfold kraft paper is a paper filler material used to filled up the free space in your shipping box.When items are prev
Fanfold Kraft Paper for Void Filling and Cushioning	Fanfold kraft paper is a paper filler material used to filled up the free space in your shipping box.When items are prev
Paper Protective Material Kraft Void Fill Pad	paper cushion pad is a paper filler material, used to close up the free space in your shipping box and lock products in
Paper Cushion Material Kraft Void Fill Pad	paper cushion pad is a paper filler material, used to close up the free space in your shipping box and lock products in
Void Fill Kraft Paper Cushion Pad	paper cushion pad is a paper filler material, used to close up the free space in your shipping box and lock products in
Paper Cushion Envelope Padded Mailer Honeycomb Envelope	All materials are paper materials, which can be directly composted and completely degraded after being discarded,without
Paper Padded Envelope Mailer Honeycomb Bag	All materials are paper materials, which can be directly composted and completely degraded after being discarded,without
Biodegradable Shockproof Honeycomb Envelope	All materials are paper materials, which can be directly composted and completely degraded after being discarded,without
Paper Cushion Machine	Paper cushion machine produces lightweight but extremely strong paper cushions that keep your goods securely in place an
Honeycomb Paper Dispenser	The honeycomb paper dispenser is a simple packaging tool,It is also a good helper for packaging fragile products.
Honeycomb Wrapping Paper	Honeycomb paper is a new kraft paper product. It's lightweight,versatile and offers excellent product protection. The be

Product	Description
Honeycomb Paper	Honeycomb paper is a new kraft paper product. It's lightweight, versatile and offers excellent product protection. The be

Paper Tape — 4 products

Water activated gummed paper tape and self adhesive paper tape, with the dispensers that apply them. The starch adhesive on gummed tape penetrates the carton fibres, so the seal becomes part of the board rather than a film sitting on top of it.

Product	Description
Manual Gummed Paper Tape Dispenser	The manual gummed paper tape dispenser is a heavy-duty paper tape dispenser that can cut pre-set lengths
Gummed Paper Tape Dispenser	An electric gummed paper tape dispenser made for fast-paced shipping and packaging environment.
Self Adhesive Paper Tape	Our Self Adhesive Paper Tape is environmentally friendly. The tape is simple to use too! No water is required to activate
Water Activated Paper Tape	The ultimate eco-friendly case taping method. Made from natural kraft paper carrier and starch adhesive it's 100% sustainable

Air Dunnage Bag — 15 products

Inflatable kraft paper and PP woven bags that fill the void between pallets or cases inside a container or trailer. Inflated in place, they brace the load against the walls so cargo cannot shift, tip or collapse in transit.

Product	Description
Air Bag Dunnage Inflation Valve	Super fast inflation dunnage bag air valve – Big size Dunnage bag valve – quickly inflation and deflation. Strong spring
Air Dunnage Bag Valve	Super fast inflation dunnage bag air valve – Big size Dunnage bag valve – quickly inflation and deflation. Strong spring
Dunnage Bag Air Valve For Fast Inflation And Deflation	Super fast inflation dunnage bag air valve – Big size Dunnage bag valve – quickly inflation and deflation. Strong spring
Fast Filling Dunnage Bag Valve	Super fast inflation dunnage bag air valve – Big size Dunnage bag valve – quickly inflation and deflation. Strong spring
Valve for Air Dunnage Bag	Super fast inflation dunnage bag air valve – Big size Dunnage bag valve – quickly inflation and deflation. Strong spring
Dunnage Air Bag Inflator	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
Kraft Inflate Air Bag for Container	Container cargo protection Dunnage air bags protecting from impacts and load collapsing on shipments in road transport(
Dunnage Air Bags for Container Cargo Protection	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
PP Woven Dunnage Air Bag for Cargo Protection	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
Inflatable Cargo Air Bags For Containers	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas

Product	Description
Inflatable Bag Air Dunnage Bag for Cargo Securing	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
Top Quality High Pressure Air Dunnage Bag & Dunnage Air Bag	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
Cargo Air Dunnage Bag for Container	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
PP Woven Dunnage Bag	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas
Kraft Paper Air Dunnage Bag	Air Dunnage Bags protect from impacts and load collapsing on shipments in road transport(trucks, trailers) and overseas

POF Shrink Film — 12 products

Five layer biaxially oriented co-extruded polyolefin film that shrinks tight around the product under heat. It gives a clear, sealed skin that keeps multi-packs together, keeps dust off retail goods and shows immediately if a pack has been opened.

Product	Description
Polyolefin/POF Shrink Film For Automatic/Manual Packaging Machine	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Cross-linked POF Shrink Film Roll Shrink Wrap Packaging Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
POF Heat Shrink Film Polyolefin Shrink Film Roll	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Cross-linked POF Shrink Film Roll Polyolefin Shrink Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
POF Polyolefin Shrink Wrapping Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Polyolefin Heat Shrink Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Polyolefin Pof Shrink Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Industrial POF Shrink Film Roll Polyolefin Shrink Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Center Fold Pof/Polyolefin Shrink Wrapping Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Transparent Center Folded POF Shrink Film Roll	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
Center Folded POF Shrink Film	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr
High Quality Polyolefin Shrink Film Roll	Polyolefin shrink film is five layer biaxial orientation co-extrusion shrink film,can be used for packing any kind of pr

Plastic Bag — 46 products

Purpose-built polythene and polypropylene bags for clinical waste, laboratory specimens, food vacuum sealing, mushroom cultivation, courier despatch, retail packing and document enclosure. Each format is built for the handling it will actually get, not adapted from a general purpose bag.

Product	Description
Clinical Waste Bag Medical Waste Biohazard Bag for Hospital	Medical garbage bags are garbage bags exclusively for medical use
Biohazard Bin Liner Disposal Medical Waste Bag Hospital Waste Bag	Medical garbage bags are garbage bags exclusively for medical use
Autoclavable Yellow Disposable Biohazard Garbage Bag Flat Medical Waste Bag	Medical garbage bags are garbage bags exclusively for medical use
Autoclavable Biohazard Bag Yellow Medical Waste Bag	Medical garbage bags are garbage bags exclusively for medical use
Medical Specimen Bag Biohazard Transport Kangaroo Bag	It is popularly used to pack specimen, medicine, medical apparatus in hospital and laboratory.
Biohazard Medical Laboratory Specimen Bag	It is popularly used to pack specimen, medicine, medical apparatus in hospital and laboratory.
Specimen Transport Biohazard Bag Kangaroo Bag	It is popularly used to pack specimen, medicine, medical apparatus in hospital and laboratory.
Medical Transport Disposable Biological Specimen Bag	It is popularly used to pack specimen, medicine, medical apparatus in hospital and laboratory.
Space Saver Cloths Storage Bag Vacuum Storage Bag	Save 80% Space,household storage for clothes,bedding,shoes,mattress,pillows.
Vacuum Storage Bags With Hand Pump	Save 80% Space,household storage for clothes,bedding,shoes,mattress,pillows.
Space Saving Clothes Vacuum Storage Bag	Save 80% Space,household storage for clothes,bedding,shoes,mattress,pillows.
Breathable PP Mushroom Grow Bag	Mushroom grow bag suit for mushroom spawn cultivation, especially popular in the field of shiitake mushroom and oyster m
Autoclavable Gusseted 0.2 Micron Filter Breathable Mushroom Grow Bag	Mushroom grow bag suit for mushroom spawn cultivation, especially popular in the field of shiitake mushroom and oyster m
Transparent Plastic Mushroom Grow Bag	Mushroom grow bag suit for mushroom spawn cultivation, especially popular in the field of shiitake mushroom and oyster m
Food Vacuum Bag Roll Vacuum Sealer Bag	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Embossed Vacuum Sealer Bag For Food	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Embossed Transparent Food Saver Vacuum Sealer Bag	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Embossed Vacuum Sealer Bag	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Bopp Opp Gusset Block Square Bottom Bag	BOPP block bottom bag is used for food packaging , like packing cookies , biscuits, candy, chocolate and cooking spices
BOPP OPP Cellophane Gusset Square Bottom Bag	BOPP block bottom bag is used for food packaging , like packing cookies , biscuits, candy, chocolate and cooking spices

Product	Description
BOPP Block Bottom Bag With Paper Card	BOPP block bottom bag is used for food packaging , like packing cookies , biscuits, candy, chocolate and cooking spices
BOPP Square Bottom Bag	BOPP block bottom bag is used for food packaging , like packing cookies , biscuits, candy, chocolate and cooking spices
BOPP/OPP Square Block Bottom Bag	BOPP block bottom bag is used for food packaging , like packing cookies , biscuits, candy, chocolate and cooking spices
BOPP Block Bottom Bag	BOPP block bottom bag is used for food packaging , like packing cookies , biscuits, candy, chocolate and cooking spices
LDPE Bag Flat Open Clear Poly Bag	Flat Poly Bags are the most common and economical bags for shipping or bundling products. Standard open end, Low Density
Clear Flat Poly Bag	Flat Poly Bags are the most common and economical bags for shipping or bundling products. Standard open end, Low Density
Flat Open LDPE Packaging Bag	Flat Poly Bags are the most common and economical bags for shipping or bundling products. Standard open end, Low Density
Poly Tubing Film Roll	'Poly-tubing' is a flexible, continuous roll of polythene sleeving open at one end and rolled up at other
Flat LDPE Tubular Film Roll	'Poly-tubing' is a flexible, continuous roll of polythene sleeving open at one end and rolled up at other
Waterproof Shipping Courier Bag	High-efficiency mailers are perfect for shipping A wide variety of non-fragile items
Courier Mailing Bag For Express Packaging	High-efficiency mailers are perfect for shipping A wide variety of non-fragile items
Self Sealing Shipping Poly Mailer	High-efficiency mailers are perfect for shipping A wide variety of non-fragile items
Food Vacuum Sealer Bag And Roll	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Food Vacuum Bag Vacuum Sealer Bag	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Vacuum Sealer Bag Nylon Vacuum Bag for Food	suitable different food,keep food fresh.can suitable for freezing, refrigeration, Room temperature storage. (use in refr
Paper Glue Backed Transparent Shipping Document Pouch	these envelopes are perfect for mailing and shipping your return labels or address labels. They keep your documents/list
Clear Adhesive Packing List Mailer Shipping Envelope	these envelopes are perfect for mailing and shipping your return labels or address labels. They keep your documents/list
Transparent Self Adhesive Packing List Envelope	these envelopes are perfect for mailing and shipping your return labels or address labels. They keep your documents/list
Eco Friendly Resealable Food Packaging PE Plastic Zip Lock Bags	Ziplock bags is high transparent,soft,strong tensile force and widely used in packing gift,food,hardware.
Food Grade Ziplock Bag Clear Plastic Food Bag Zip Lock Bag	Ziplock bags is high transparent,soft,strong tensile force and widely used in packing gift,food,hardware.
Zipper Locking Bag Reclosable Poly Bag	Ziplock bags is high transparent,soft,strong tensile force and widely used in packing gift,food,hardware.

Product	Description
PE Grip Seal Ziplock Bags	Ziplock bags is high transparent,soft,strong tensile force and widely used in packing gift,food,hardware.
Polyethylene Self Adhesive Sealed Plastic Bag	Self adhesive seal OPP bag is widely used in Arts & crafts, gift, jewelry,underwear, clothing, stationery,bakery package
Resealable Transparent Custom Polybag Packaging Clear Plastic Poly OPP Bags for Clothing/Garment	Self adhesive seal OPP bag is widely used in Arts & crafts, gift, jewelry,underwear, clothing, stationery,bakery package
Self Adhesive Seal Clothes OPP Packing Plastic Bag	Self adhesive seal OPP bag is widely used in Arts & crafts, gift, jewelry,underwear, clothing, stationery,bakery package
Self Adhesive Seal OPP Bag	Self adhesive seal OPP bag is widely used in Arts & crafts, gift, jewelry,underwear, clothing, stationery,bakery package

Other Packaging Material — 19 products

Strapping, tape, stretch film, banding and garment tagging supplies that finish a pack once the product is protected. These are the lines a buyer normally sources from four different suppliers and can consolidate into one container.

Product	Description
Loop Pin 5 Inches PP String Pin Tag Pin for Garment	The loop pin can be used to hang the labels on the garments
Loop Lock Pins Tag Pins for Garment Loop Pins 3 Inch 5 Inch 7 Inch 9 Inch	The loop pin can be used to hang the labels on the garments
Plastic Standard Tag Pin Tagging Fastener	The tag pin can be used to hang the labels on the garments
Standard Tag Pin Tagging Fastener Plastic Tag Pin for Garment Shoes Hats	The tag pin can be used to hang the labels on the garments
Standard PP Plastic Tag Pin for Tag Gun	The tag pin can be used to hang the labels on the garments
PP Standard Tag Pin for Garment Use	The tag pin can be used to hang the labels on the garments
Plastic Steel Packing Strap Band Belt PET Strap	PET strap designed for light to medium duty unitising, palletising and bundling. It is available in various widths, thic
Green Pet Strap Roll Plastic Strapping Band	PET strap designed for light to medium duty unitising, palletising and bundling. It is available in various widths, thic
Green Color Embossed Plastic Polyester Strap PET Strap	PET strap designed for light to medium duty unitising, palletising and bundling. It is available in various widths, thic
Paper Banding Tape For Money Food Banding Packing	paper banding tape on reels that suit to most of the taping machines in the world
Hot Melt Adhesive Transparent OPP Band Film Tape for Banding Machine	OPP film on reels that suit to most of the taping machines in the world
Wrapping Film Transparent Pallet Stretch Film	strong self adhesive,tensile resistance stretch film
Industrial Stretch Film Roll Transparent Packaging Film	strong self adhesive,tensile resistance stretch film
LLDPE Hand Stretch Film	strong self adhesive,tensile resistance stretch film
Acrylic BOPP Carton Sealing Packing Tape	With strong acrylic adhesive, the sturdy tape sticks very well and holds boxes together.
Bopp Carton Sealing Adhesive Packaging Tape	With strong acrylic adhesive, the sturdy tape sticks very well and holds boxes together.

Product	Description
Bopp Transparent Packaging Tape	With strong acrylic adhesive, the sturdy tape sticks very well and holds boxes together.
Aluminium Foil Tape	Aluminium Tape is made of aluminum foil as backing material with one side acrylic adhesive. Good temperature Resistan
Aluminium Tape	Aluminium Tape is made of aluminum foil as backing material with one side acrylic adhesive. Good temperature Resistan
