Contents

VFX HDRI Spheres	5 products	Chrome and grey reference balls in 6 cm, 12.6 cm, 20 cm, 25 cm and 30 cm, made for on set lighting capture rather than adapted from garden ornaments.
Colour Coated Spheres	2 products	Vacuum metallised, electroplated and candy colour spheres that still read as metal instead of as painted objects, in any diameter we can press.
Stainless Steel Half Spheres	1 products	Pressed stainless steel hemispheres for wall, floor and edge details, where a full sphere would waste half its form against a surface.
Outdoor Sphere Sculpture	8 products	Mirror polished spheres built to sit outdoors for decades: hollow so they can be placed, 304 or 316 so they keep the reflection, and fixed the way you
Stainless Steel Spheres	15 products	The core of the workshop: hemispheres pressed from sheet, seam welded into a closed sphere, ground until the joint disappears, then polished or coated
Indoor Concave Mirror Discs	7 products	Polished concave discs for interior walls, where the curve turns the room into the artwork and the finish has to survive close inspection.
Outdoor Concave Mirror Discs	5 products	Large concave discs built for weather: the same polished curve as the interior pieces, in a grade and a thickness that survives a exposed site.
Water Drop and Fountain	8 products	Watertight mirror polished forms with the flow tube built in, so the piece arrives ready to plumb rather than fabricated at the pond edge.
Garden Sculpture	13 products	Trees, stones, moon gates, windmills and abstract forms in mirror polished stainless steel, built to hold a landscape scheme for decades without a mai
Interior Sculpture	1 products	Freestanding polished pieces sized for offices, lobbies and residential interiors, where the sculpture is looked at from a metre rather than across a
Resin Sculpture	1 products	Moulded resin figure work for souvenir and decorative ranges, kept alongside the metal work for clients who need both in one shipment.
Interior Sphere Sculpture	2 products	Spheres sized and finished for indoor use, where the reflection carries the room and fingerprints and close inspection are part of the brief.
Interior Decoration Sculpture	36 products	The largest part of the catalogue: wall pieces, concave and convex mirror works, abstract figures and desk objects for hotel, office and residential i
Stainless Steel Sculpture	14 products	The fabricated side of the workshop, where pieces are built to a drawing rather than pressed to a diameter: garden forms, portals, landmark works and

Water Drop and Fountain

Watertight mirror polished forms with the flow tube built in, so the piece arrives ready to plumb rather than fabricated at the pond edge.

School Metal Mirror Polished Stainless Steel Hollow Ball Water Fountain Sculpture

Mirror polished hollow stainless steel ball water fountain sculpture for campus, garden and public art projects. The ball is made watertight so it can float on water, and its machine polished surface reflects light and objects around the site. Wall thickness can be set from 1 mm to 4 mm, with 2 mm shown, and the diameter is customised to the design. AISI 304 is offered for indoor and general outdoor use, while AISI 316 is offered for marine and high corrosion environments.

Material	AISI 201, AISI 304, AISI 316
Wall Thickness	1 mm to 4 mm
Shown Thickness	2 mm
Size Range	Customise any size
Finish	Machine polished mirror finish
Water Feature	Watertight hollow ball that can float
Top Detail	Funnel shaped hole

Stainless Steel Abstract Metal Sculpture with Water Fountain

Stainless steel abstract water fountain sculpture fabricated to order from AISI 201, 304 or 316. Wall thickness runs from 1 mm to 4 mm, and size is customized to the design, so a single form can sit in a pond, on a water feature, or as part of a grouped waterscape. The shell is watertight, machine polished to a reflective surface, and drilled with a funnel shaped top opening and a bottom hole for the water flow tube.

Material	AISI 201, AISI 304, AISI 316 stainless steel
Size	Custom size
Wall Thickness	1 mm to 4 mm
Typical Wall Thickness	2 mm
Finish	Machine polished, mirror polished
Water Feature Detail	Funnel shaped top opening and bottom hole for water flow tube
Buoyancy	Watertight shell can float on water
