

Product Catalog

Every stainless steel sculpture Ball Sculpture currently builds, with the material, finish and size information recorded for each piece. Any item can be rebuilt at another size, in another finish, or in 316 instead of 304.

Ball Sculpture · Custom Stainless Steel Sculpture Manufacturer · No. 22 Jinxiu East Road, Pingshan District, Shenzhen, Guangdong, China

How to Read This Catalog

Sizes marked optional are set from your drawing. Finish options are the same across the range: mirror polished, raw finish, brushed, sandblasted, electroplated or spray painting colour. Lead time depends on the shipping mode chosen: air express is usually 5 to 8 days, bulk air freight about 5 days to your airport, and sea freight 15 to 45 days to your local customs.

Metal Sphere Sculptures

Stainless steel spheres and ball forms from tabletop groups up to 1500 mm garden spheres, formed in 304 or 316 and finished to any of six surface treatments.

Custom Shape Stainless Steel Ball Sculpture

A custom shaped stainless steel ball sculpture made to your own design, drawing, or reference image. Available in any size and shape including water drops pebbles golf balls combination balls and other forms.

Material	Stainless steel 304 or 316
Shape	Custom made to your drawing or reference image
Size	Optional - made to your specified dimensions
Finish	Mirror polished raw brushed sandblasted electroplated or spray painted colour
Lead Time	Based on the shipping mode chosen

Stainless Steel Elliptical Egg Sculpture

A stainless steel elliptical egg sculpture made from high quality 304 or 316 stainless steel sheets, formed and welded then polished to a smooth finish. The shape is ideal for modern abstract art in both indoor and outdoor settings. The body is assembled from sheet metal, welded, and the welds are ground and polished to blend seamlessly with the surface. Any size or finish can be made from your drawing or reference image.

Material	Stainless steel 304 or 316
Form	Elliptical egg shape
Finish	Mirror polished brushed sandblasted electroplated or spray painted
Weld Treatment	Ground and polished to blend with surface
Custom Size	Made to drawing
Forming Method	Sheet metal shaping and welding
Lead Time	Based on the shipping mode chosen

Birds and Deer Group Sculpture

A group sculpture featuring birds and deer in lifelike, realistic and graceful forms, designed for modern urban environments. Made from stainless steel 304 or 316, the pieces are crafted to your own drawing or reference image with optional color. The body is formed from sheet metal and finished in mirror polished, brushed, sandblasted, electroplated or spray painted surface treatments.

Material	Stainless steel 304 or 316
Finish	Mirror polished brushed sandblasted electroplated or spray painted
Colour	Optional
Forming	Sheet metal shaped to drawing
Lead Time	Based on the shipping mode chosen
Size	Custom size on request

Large Stainless Steel Garden Sphere

A large mirror polished stainless steel sphere built for open landscape settings such as gardens plazas and hotel forecourts. Standard diameters are 1000 mm and 1500 mm and any other size is made to your drawing. The body is AISI 304 stainless steel alloy water pressured into shape then welded ground and mirror finished so the surface reflects the sky and planting around it. A steel tube base can be installed on request for permanent outdoor mounting.

Material	Stainless steel 304 or 316
Standard Diameters	1000 mm and 1500 mm
Custom Size	Made to drawing
Finish	Mirror polished raw brushed sandblasted electroplated or spray painted
Colour	Optional
Base	Steel tube base installed on request
Forming	Water pressured stainless steel alloy
Lead Time	Based on the shipping mode chosen

Stainless Steel Globe Sculpture

A custom stainless steel globe sculpture with a small trumpet-shaped golden base. The globe is designed to reflect the earth's surface with optional colouring to represent oceans and landmasses. Production starts from your own drawing or reference image.

Material	Stainless steel 304 or 316
Base Shape	Small trumpet-shaped base
Base Colour	Golden
Finish	Mirror polished raw brushed sandblasted electroplated or spray painted
Colour	Optional
Custom Size	Made to drawing
Lead Time	Based on the shipping mode chosen

Metal Hollow Art

Openwork stainless steel sculptures in 304 and 316 with cut and shaped metal forms featuring open voids, made to your design with optional size and colour, combining abstraction with durable surface treatment.

Hollow Leopard Stainless Steel Sculpture

A hollow stainless steel leopard sculpture built for indoor and outdoor decorative use. Made from stainless steel 304, the body is formed, ground, and polished to resist fading and maintain a bright finish after exposure to wind and rain. The surface treatment ensures durability and visual clarity. Any size and optional colour are available based on your drawing or reference image.

Material	Stainless steel 304
Finish	Raw brushed sandblasted mirror polished electroplated or spray painted colour
Size	Optional - made to your drawing or reference
Construction	Hollow welded steel body
Forming	Sheet metal shaping and welding
Lead Time	Based on the shipping mode chosen

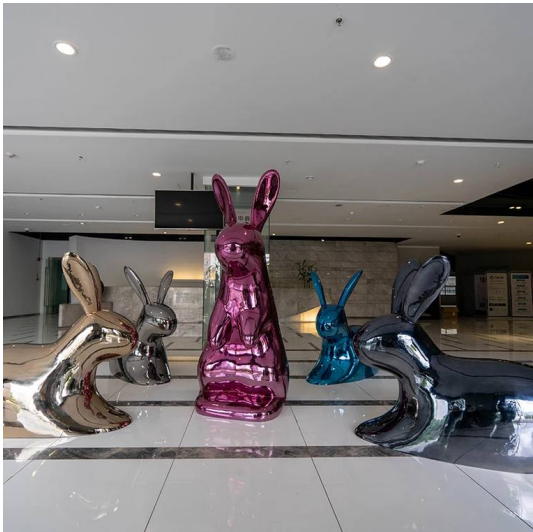

Metal Hollow Art Sculpture

A custom hollow stainless steel sculpture with abstract form and delicate surface texture, designed to evoke a sense of calm and escape from urban life. The hollow construction allows for lightness and visual openness while maintaining structural integrity. Any size and shape can be built from your drawing or reference image.

Material	Stainless steel 304 or 316
Form	Hollow metal sculpture
Custom Size	Made to drawing
Finish	Mirror polished, brushed, sandblasted, electroplated or spray painted
Colour	Optional
Production Method	Sheet forming and welding
Lead Time	Based on the mode of shipping chosen

Cute Rabbit Hollow Sculpture

A hollow stainless steel rabbit sculpture designed for indoor and outdoor decorative use. The sculpture is hollow, lightweight, and can be mounted on a wall or placed on a stand. Any size and color can be made from your drawing or reference photo.

Material	Stainless steel 304 or 316
Finish	Mirror polished raw brushed sandblasted electroplated or spray painted
Color	Optional
Hollow Construction	Yes
Mounting	Wall or freestanding option
Size	Custom size on request
Forming	Sheet metal welding and shaping
Lead Time	Based on the shipping mode chosen

Decorative Sculptures

Custom decorative stainless steel sculptures and wall panels in 304 or 316, made to your drawings, sizes, and finish requirements including electroplated silver mirror effects and textured abstract forms.

Wavy Water Drop Wall Panel

A wavy three-dimensional wall panel inspired by flowing water, featuring concave and convex forms that mimic natural water surface movement. Constructed from stainless steel 304 or 316, the surface is finished with a delicate electroplated layer that creates a silver mirror effect with shifting light and shadow. The panel is made to your specified size and color, and can be installed as a standalone decorative feature in indoor or sheltered outdoor spaces.

Material	Stainless steel 304 or 316
Finish	Electroplated or spray painted color
Size	Custom size on request
Form	Three-dimensional wavy water drop shape
Light Effect	Shifting light and shadow due to electroplated surface
Installation	Wall mounting on request
Lead Time	Based on the mode of shipping chosen

Abstract Stone Wall Decoration

An abstract stainless steel wall decoration built for interior spaces such as living rooms hotel lobbies and real estate sales galleries. Surface finishes include mirror polished raw brushed sandblasted electroplated or spray painted colour. The sculpture is designed to stand alone on a wall or be mounted with discreet fixings.

Material	Stainless steel 304
Finish	Mirror polished raw brushed sandblasted electroplated or spray painted
Colour	Optional
Size	Custom size on request
Lead Time	Based on the shipping mode chosen

Abstract Figure Sculpture

An abstract stainless steel sculpture designed for indoor and outdoor spaces with a unique expressive form. Standard sizes are not fixed; any dimension is possible based on your design.

Material	Stainless steel 304 or 316
Finish	Mirror polished raw brushed sandblasted electroplated or spray painted
Colour	Optional
Lead Time	Based on the shipping mode chosen
Size	Custom size on request

Special Shape Sculptures

Custom abstract and figurative stainless steel sculptures in 304 and 316, made to your drawings, sizes, and colour preferences, excluding spheres and wall panels.

Hollow Leopard Stainless Steel Sculpture

A hollow stainless steel leopard sculpture built for indoor and outdoor decorative use. Made from stainless steel 304, the body is formed, ground, and polished to resist fading and maintain a bright finish after exposure to wind and rain. The surface treatment ensures durability and visual clarity. Any size and optional colour are available based on your drawing or reference image.

Material	Stainless steel 304
Finish	Raw brushed sandblasted mirror polished electroplated or spray painted colour
Size	Optional - made to your drawing or reference
