

OEM And ODM Project Checklist

Everything we need to quote your private label programme · Dongguan Beiside Electronics Co., Ltd

Project Route

1. Pass Your Idea

Send a reference product, a sketch or a specification. We confirm what is achievable on the existing platforms and what needs new tooling.

2. Customized Design

Our engineers work on structure, control logic and appearance. You review the design before anything is cut.

3. Sample

A working sample is produced and shipped for your evaluation. Sample fees are refunded against the subsequent order.

4. Customized Logo And Packing

Logo printing on the device, colour box artwork, manuals, inner trays and export carton marks are prepared.

5. Sign Contract

Specification, packaging, certification scope, quantity and delivery are fixed in writing before production is scheduled.

6. Mass Production

The order runs on our own lines in Houjie with 100% inspection before shipment.

Checklist To Send With Your Enquiry

Product
