Data in this document is taken from the published CB Magnetics catalogue. Confirm dimensions against the current drawing before releasing tooling or a PCB. CAD files on request.

FOR A PLASTIC PART

- Part number, or a PDF / DXF / STEP drawing
- Plastic and flammability or thermal class if fixed by your approval
- Pin count and pin material
- Annual quantity and first order quantity
- Packing requirement
- Any UL or customer specification number

FOR A WOUND COMPONENT

- Core size and core material
- Inductance and tolerance
- Leakage inductance limit and test condition
- Turns ratio
- Hipot requirement
- Mounting style, footprint and maximum height
- Operating temperature range

FOR A NEW TOOL

- Full dimensioned drawing
- Expected annual volume
- Target price if you have one
- Whether the tool is customer owned
- Required first article date
