

CRATOOLS Product Catalogue

Guangzhou Chuanglian Industrial Technology Co., Ltd. Buffing wheel making machines, polishing buffs, buff raw materials, timber wood machines and saw blades. 72 products, 11 categories.

All enquiries: sales@cra-machinery.com or WhatsApp +86 134 5047 4722. Delivery 5-15 workdays from stock, 15-60 workdays made to order.

Automatic Polish Buffs (6 products)

Consumable buffing wheels made from sisal, cotton, and fabric with bias or corrugated structures. Used in metal finishing, cookware, tableware, and sanitary ware polishing lines. Produced by CRATOOLS for factories that need consistent wheel geometry and lower cost per unit compared to hand assembly.

- Bias Sisal Plane Polish Buffs with Iron Ring
- Sisal Buffs
- Bias Cotton Airway/Airflow Polish Buffs
- Bias Sisal Corrugated Polish Buffs
- Bias Fabric Corrugated Polish Buffs
- Sisal Rope Buffs

Bufs Produce Machine (16 products)

Machines that turn fabric and sisal into finished buffing wheels: bias cutting, forming, pressing, sewing and edge trimming. Built by CRATOOLS in Qingyuan and used by buffing wheel factories that need repeatable wheel geometry instead of hand work.

- Long Arm Heavy Duty 1 Meter Buffs Sewing Machine
- High Speed Polish Compound Machine Polish Paste Mixer Tank
- Sisal Rope Buffs Forming Machine
- 200A Mini Cloth Sisal Buffs Forming Machine for Angle Grinder Wheel
- Fold and Stitch Machine&Fabric Feed Rack for Pleated Buffs Produce
- Roll Glue Press Machine for Pleated Buffs
- CRA-700 Buffs Trim/Edge Cutting Machine
- SG01M Buffing Wheel Spiral Stitch Sewing Machine with Low Cost
- CRA-360 Airflow Buffs/Corrugated Polishing Buffs Making Machine
- Jewelry Buffs Edge Fuzzing Napping Machine
- CRA-300 Airway Buffs Ventilated Buffs Forming Iris Machine (OD 100-250 mm)
- Four-column Hydraulic Press Sisal Cloth Cutting Machine XLJP3-350
- CRA-500 Bias Fabric Cutting Slitting Rolling Machine
- CRA-600 Buffing Polishing Wheel Pressing Machine
- CRA-800 Bias Airway Buffs Ventilated Sisal Buffs Forming Machine (OD 200-600 mm)
- Button Version Bias Airway Buffs Forming Machine

Clothes (5 products)

Treated fabric cloths and sisal for buffing wheel production: orange, blue, yellow treated fabrics, poplin cotton, and sisal cloth. Used in bias airway buffing wheel machines for consistent wheel geometry and repeatable polishing results.

- Orange Treated Fabric Cloth for Buffing Wheel

- Blue Treated Fabric Cloth for Buffing Wheel
- Yellow Treated Fabric Cloth for Buffing Wheel
- Sisal Cloth for Making Polish Buffs
- Poplin Cotton Fabric for Airway Buffing Wheel

Connecting Machine (2 products)

Machines that join wood pieces or battens into continuous laths for timber processing. Used by sawmills and wood board plants to replace manual joining with consistent, high-speed hydraulic connection.

- 2480 Full Automatic Wood Pieces Tenno Connecting Machine
- 1825A Semi Automatic Wood Batten Tenno Connecting Machine

Iron Clinch Ring (4 products)

Steel rings with wide teeth and thick plate used as center rings in airway buffing wheels. Made from 1.5mm strong steel, formed through 5 to 8 pressing stages. Available in diameters from 3" to 8" with 43 teeth, and customizable options for size, teeth count, and hole type.

- Iron Clinch Ring Unrolled
- Triangle Teeth Iron Clinch Ring/Hoops/staples for Airway Buffs
- Iron Plate/Steel Ring for Making Airway Buffing Wheel
- Square Teeth Steel Ring/Iron Claw for Airway Buffs

Multi Rip Saw Blade (8 products)

Saw blades and cutting machines for square and round timber, designed for high material yield and stable operation in wood processing factories. Built by CRATOOLS in Qingyuan and used by sawmills and wood board plants that need consistent cuts and reduced waste.

- 1528 Square Timber Wood Working Machine Multichip Saw Blade Cut
- 3060H Square Timber Wood Multichip Saw Blade Cutter
- 3060D Square Timber Wood Multichip Saw Blade Cutting Machine
- 300E Round Wood Hydraulic Multi Rip Saw Blade Cutter
- Big Square Wood Multichip Saw Blade Cutting Machine
- 200E Single/double Chain Multi Dip Wood Logs Saw Blade Cutting Machine
- 280E Hydraulic Automatic Saw Blade Cutting Machine
- New Arrive Big Round Wood Multichip Saw Blade Cutting Machine

Others (5 products)

Machines for processing timber and saw blades: automatic grinding, infrared edge cutting, semi-circle side panel shaping, round table sawing, and horizontal belt band sawing. Built by CRATOOLS in Qingyuan for sawmills and wood board plants needing precise, repeatable cuts with minimal manual adjustment.

- 025A Full Automatic Saw Blade Grinding Machine
- 8160B Infrared Edge Saw Blade Edge Cutting Machine
- 200 Semi Circle Side Panel Saw Blade Wood Working Machine
- 300 Round Wood Working Table Saw Blade Cutting Machine
- 250 Horizontal Belt Band Saw Wood Cutting Machine

Polish Buffs (29 products)

Consumable buffing and polishing materials for metal finishing, tableware, cookware, sanitary ware, and jewellery.

Includes sisal, cotton, nonwoven, and corrugated buffs with bias, airway, and ventilated structures. Made by CRATOOLS in Qingyuan for use in industrial polishing lines.

- Polish Buffs Rakes for Raising and Shaping Sisal Cotton Buffing Wheel
- 8447 Red Nonwoven Polish Disc
- Bias Sisal Plane Polish Buffs with Iron Ring
- Sisal Buffs
- Bias Cotton Airway/Airflow Polish Buffs
- Bias Sisal Corrugated Polish Buffs
- Bias Fabric Corrugated Polish Buffs
- Wood Edge Banding Buffs
- Sisal Rope Buffs
- Cotton Pleated Buffs
- Bar Polishing Compound
- Sandpaper Flap Wheel
- Disc Cotton Buffs
- Airway/Ventilated Sisal Buffs
- Airway/Ventilated Non Woven Buffs
- Airway/Ventilated Cotton Buffs (with Plate)
- Airway/Ventilated Cotton Buffs
- Flap Wheel for Metal Steel Sanding and Grinding
- Crossover Wheel for Metal Surface Grinding and Polishing Sanding
- Buckle Cotton Buffing Wheel
- Jewelry Mirror Finish Polishing Wheel
- Blue Treated Round Hole Airway Cotton Polishing Wheel
- Bias Airway Cotton Buffs
- Blue Treated Bias Airway Cotton Wheel
- Sisal Airway Polishing Buffing Wheel
- Tableware Polishing Wheel
- Bias Sisal Polishing Wheel Aluminum Wheel Polishing Kit
- Oil Sisal Polishing Wheel for Bench Grinder
- Plane Cotton Polishing Wheel for Aluminum

Pressing Machine (2 products)

Machines that join wood panels using heat and pressure to create seamless, smooth, and strong joints. Used in wood board production lines where consistent panel integrity is required. Built by CRATOOLS in Qingyuan and used by sawmills and wood board plants.

- CYMJ-2 1 Wood Panel Heat Pressing Jointing Machine
- CYMJ-3 2 Wood Panel Heat Pressing Jointing Machine

Raw Materials for Buffs (10 products)

Raw materials for buffing wheel production: treated fabrics, iron and steel rings, sisal cloth, and poplin cotton. Used by buffing wheel factories to feed forming and pressing machines, with custom diameters and teeth options available.

- Iron Clinch Ring Unrolled
- Triangle Teeth Iron Clinch Ring/Hoops/staples for Airway Buffs
- Orange Treated Fabric Cloth for Buffing Wheel
- Blue Treated Fabric Cloth for Buffing Wheel
- Yellow Treated Fabric Cloth for Buffing Wheel
- Iron Plate for Airway Polishing Wheel
- Sisal Cloth for Making Polish Buffs
- Poplin Cotton Fabric for Airway Buffing Wheel
- Iron Plate/Steel Ring for Making Airway Buffing Wheel
- Square Teeth Steel Ring/Iron Claw for Airway Buffs

Timber Wood Machine (17 products)

Machines that cut, join and process timber and wood panels using in-house produced saw blades. Used by sawmills and wood board plants to automate wood cutting, edge trimming, and panel joining with consistent precision and high throughput.

- 025A Full Automatic Saw Blade Grinding Machine
- CYMJ-2 1 Wood Panel Heat Pressing Jointing Machine
- CYMJ-3 2 Wood Panel Heat Pressing Jointing Machine
- 2480 Full Automatic Wood Pieces Tenno Connecting Machine
- 1825A Semi Automatic Wood Batten Tenno Connecting Machine
- 8160B Infrared Edge Saw Blade Edge Cutting Machine
- 200 Semi Circle Side Panel Saw Blade Wood Working Machine
- 300 Round Wood Working Table Saw Blade Cutting Machine
- 1528 Square Timber Wood Working Machine Multichip Saw Blade Cut
- 3060H Square Timber Wood Multichip Saw Blade Cutter
- 3060D Square Timber Wood Multichip Saw Blade Cutting Machine
- 250 Horizontal Belt Band Saw Wood Cutting Machine
- 300E Round Wood Hydraulic Multi Rip Saw Blade Cutter
- Big Square Wood Multichip Saw Blade Cutting Machine
- 200E Single/double Chain Multi Dip Wood Logs Saw Blade Cutting Machine
- 280E Hydraulic Automatic Saw Blade Cutting Machine
- New Arrive Big Round Wood Multichip Saw Blade Cutting Machine
