

Sign Letter Catalogue

Super Enseigne — Sign Letter Manufacturer in China. Every reference published on www.enseigne-lettre-relief.com, listed by material and construction.

How to read this catalogue

None of these references is a stock item. Each one is a set we have built and photographed. Letters are always cut from the customer's own vector artwork, in the construction, material and finish specified on the approval drawing. Quote a reference number when you want a particular construction or finish reproduced.

Shared build specification

Made to order	Every letter set is cut to the customer's own artwork — there is no fixed letter library.
Stainless grade	Stainless steel 304 or 316, selected on request.
Thickness	From 6 mm, thicker on request.
Letter height	From 40 mm, with no fixed upper limit.
Finish	Lacquered in any colour you specify — quote the RAL or Pantone reference.
Illumination	Optional direct or indirect LED lighting, lit from the face or from behind.
Mounting	Supplied with a 1:1 mounting template.
Delivery format	Shipped as a ready-to-install kit.
Lead time	5 to 7 days to fabricate, plus 4 to 5 days in transit by express courier.
Courier	DHL, UPS or FedEx; sea and air freight for larger orders.
Payment	T/T, PayPal or Western Union.

Letters are computer-cut for precision, fully welded, and painted to the PMS or RAL reference you supply. LED modules and power supplies used in our illuminated letters are CE, RoHS and UL approved.

Minimum order quantity and warranty terms are confirmed with each quotation rather than fixed in advance.
