Canned Mushrooms

Twelve mushroom lines canned on one site in Xiayi County, a long-established edible fungus growing base, so a buyer can build a full mushroom shelf without adding a second supplier.

Canned King Oyster Mushrooms

Canned king oyster mushrooms packed in tins and glass jars for importers, private-label owners and foodservice distributors. Available whole in water, with pack sizes covering retail shelf packs and catering bulk from a single production run. Mushrooms are processed in Xiayi County, a well-established edible fungus growing base in Henan Province, which supports a short harvest-to-canning timeline.

Canned Fruits

Seven canned fruit lines packed 70 km from the orchard belt that supplies them, with three brix bands and three packing mediums so one product fits several markets.

Canned Lychee

Canned lychee packed whole in syrup at 14 to 17 percent brix, canned at our plant in Xiayi County, Shangqiu City, Henan Province. It sits in the same fruit range as our peach, pear and apricot lines, so it can be carried as part of a mixed fruit programme rather than sourced separately. Pack format is confirmed against your order.

Product	Canned Lychee
Package Type	IN TINS
Style	WHOLE
Packing Medium	IN SYRUP
Brix	14-17% SPECIFICATION:
Origin	Xiayi County, Shangqiu City, Henan Province, China
Minimum Order	Quoted on a 1 x 20 foot FCL basis; LCL consolidation available

Canned Strawberries

Canned strawberries in halves, slices or whole berries, packed in syrup, water or juice across three brix bands from 11 to 22 percent. The product is available in tins from 425G to 3000G and glass jars from 330ML to 1700ML, with multiple pack sizes per carton. The cannery is located in Xiayi County, Shangqiu City, Henan Province, China, and the strawberry line is planned against your order rather than against a fixed local harvest calendar.

Product	Canned Strawberries
