

Corrugated Plastic Containers Datasheet

Reusable boxes, totes, trays, bulk bins and sleeve pack pallet containers fabricated from our own twin-wall sheet.

Why Reusable Polypropylene Containers

- Light weight rigid strong and long-time durable
- Waterproof moisture resistant with excellent weatherability
- Chemical resistance impact resistance and fade resistance
- Environmentally friendly recyclable washable non-toxic and anti-corrosion
- Easy to fabricate into custom cut shapes
- Excellent surface for paints and inks
- Cost-efficient and economical for any end user

Base Material

Thickness	2 mm to 12 mm
Weight	250 g/m ² to 2000 g/m ²
Standard Size	2440 mm × 1220 mm or to customer request
Grades	Corona treated · Anti-static · Conductive · UV stabilised · Flame retardant
Colour	To customer request
Packing	Plastic shrink film and wooden pallet or to customer request

Container Range

Product	Description	Key Spec
Agricultural Packaging Containers	Food-approved reusable boxes for fruit, vegetables and seafood	Material Corrugated plastic sheet approved for food packaging; Sheet Thickness 2 mm to 12 mm depending on box size and load
Auto Parts Packaging Containers	Reusable boxes, containers and bulk boxes without mould cost	Sheet Thickness 2 mm to 12 mm depending on box size and load; Sheet Weight 250 g/m ² to 2000 g/m ²
Collapsible Corrugated Plastic Boxes	Foldable reusable boxes that return flat and save storage space	Material Corrugated polypropylene sheet, virgin material available for food contact; Sheet Thickness 2 mm to 12 mm to suit the box size
Conductive and Antistatic Plastic Containers	ESD containers for packaging, storage and transport of electronic components	Grades Antistatic (ESD) and conductive; Antistatic Resistivity 1×10 ⁹ Ω to 1×10 ¹¹ Ω, any colour

Product	Description	Key Spec
Drilling Core Plastic Containers	Safe and efficient core boxes for the oil and mineral exploration industry	Material Corrugated polypropylene sheet; Sheet Thickness 2 mm to 12 mm depending on core weight
Electronic Parts Packaging Containers	ESD and anti-static boxes for packaging storage and transportation of components	Grades ESD (electrostatic discharge) and anti-static; Antistatic Resistivity $1 \times 10^9 \Omega$ to $1 \times 10^{11} \Omega$, any colour
Postal Totes and Trays	Colour coded totes and trays for mail and parcel handling	Material Corrugated polypropylene sheet; Sheet Thickness 2 mm to 12 mm depending on tote size
Sleeve Pack Pallet Containers	Triple-wall sleeve on a thermoformed pallet and cover for bulk cargo	Construction Heavy-duty triple-wall corrugated sleeve, thermoformed plastic pallet and cover; Pallet and Cover Life Ten years

Customisation

- OEM and customised orders are welcome. Send the drawing and the requirements of the style you want and we will submit samples for your approval.
- Thickness, weight per square metre, panel size, colour and grade are all set per order.
- Boxes and containers can be produced in different colours, thicknesses and styles to your detailed requirements, including dividers, layer pads and accessories.
- Printing and self-adhesive vinyl application are available on corona treated printing grade stock.
