

Product Catalog

Corrugated plastic sheet, reusable containers, printing grade sign board and AlumaCorr aluminium composite panel, extruded and fabricated in our own plant in Changshu, Jiangsu since 2009.

Company

Established	2009
Factory location	Dongbang Industrial Park, Changshu, Jiangsu Province, China
Factory area	About 20,000 m ²
Production lines	6 advanced extruding production lines
Annual output	About 90,000 tons
Quality system	ISO 9001:2000
Testing	Every product is 100% tested before delivery
Export markets	More than 30 countries

Corrugated Plastic Sheet

Extruded twin-wall polypropylene sheet in standard, anti-static, conductive, flame retardant, UV stabilised and corona treated grades, plus honeycomb board, layer pads and surface protection board.

Product	Description
Corrugated Plastic Sheet	Extruded twin-wall polypropylene board, 2–12 mm, in any colour and grade
Fluted Polypropylene Sheet	Corona treated printing grade twin-wall board for graphics, packaging and agriculture
Anti-Static Plastic Sheet	Surface resistivity $1 \times 10^4 \Omega$ to $1 \times 10^{11} \Omega$, available in any colour
Conductive Plastic Sheet	Black conductive grade at 1×10^3 to $1 \times 10^4 \Omega$ surface resistivity
Flame Retardant Plastic Sheet	Extruded flame retardant twin-wall board for household appliance and automotive use
PP Honeycomb Board	Three-layer bubble guard panel with a circular honeycomb core, up to 2500 mm wide
Temporary Surface Protection Board	2.2 to 5.0 mm protection board for floors, windows, membranes and fixtures on site
Plastic Layer Pad	Sealed-edge divider sheet for stacking glass bottles, cans and containers

Corrugated Plastic Containers

Reusable boxes, totes, trays, bulk bins and sleeve pack pallet containers fabricated from our own twin-wall polypropylene sheet, including ESD and conductive versions.

Product	Description
Agricultural Packaging Containers	Food-approved reusable boxes for fruit, vegetables and seafood

Product	Description
Auto Parts Packaging Containers	Reusable boxes, containers and bulk boxes without mould cost
Collapsible Corrugated Plastic Boxes	Foldable reusable boxes that return flat and save storage space
Conductive and Antistatic Plastic Containers	ESD containers for packaging, storage and transport of electronic components
Drilling Core Plastic Containers	Safe and efficient core boxes for the oil and mineral exploration industry
Electronic Parts Packaging Containers	ESD and anti-static boxes for packaging storage and transportation of components
Postal Totes and Trays	Colour coded totes and trays for mail and parcel handling
Sleeve Pack Pallet Containers	Triple-wall sleeve on a thermoformed pallet and cover for bulk cargo

Signs and Advertising

Corona treated printing grade twin-wall board at 45 dynes on both faces for screen printing, digital printing and self-adhesive vinyl, with printing service available.

Product	Description
Corflute Signs	Corona treated printing grade board at 45 dynes for screen and digital printing
Coroplast Signs	Twin-wall polypropylene sign board in any colour with printing service available
Cartonplast Signs	The same twin-wall sign board sold as Cartonplast, Correx and Corriboard

AlumaCorr

Aluminium-plastic composite panel: a corrugated plastic core faced with aluminium on both sides, for signage, construction and interior decoration.

Product	Description
AlumaCorr	Corrugated plastic core faced with aluminium on both sides, up to 10 years service life

Sheet Specifications

Thickness	2 mm to 12 mm
Weight	250 g/m ² to 2000 g/m ²
Standard Size	2440 mm × 1220 mm or to customer request
Grades	Corona treated · Anti-static · Conductive · UV stabilised · Flame retardant
Colour	To customer request
Packing	Plastic shrink film and wooden pallet or to customer request

Trade Terms

Samples	Samples are free of charge and are sent by FedEx, UPS or DHL international air express.
Quotation	Send thickness, colour, weight per square metre, raw material request and end use and we quote against that specification.
Payment	T/T wire transfer, 40% down with the balance before shipment or against a copy of the bill of lading. A specially designed and manufactured item requires a higher deposit.
Production	After order and payment confirmation it takes 7 to 10 days to arrange production and book shipping space before the goods are ready.
Shipping	We ship by sea through our shipping agent to any destination port in the world. We do not ship to P.O. boxes.
Insurance	We can arrange and purchase transportation insurance on your behalf.
