

Folding Camping Chairs and Stools Catalogue

24 models with published specifications, generated from the same data as intmango.com.

Camping chairs are bought on three numbers that most suppliers will not publish: seat height, load rating and folded size. This catalogue gives all three. Seat heights run from 12.2 inches for a low beach chair to 19.7 inches for an oversized chair built for taller users. Load ratings run from 176 lbs on a pocket stool to 264 lbs on an aerospace aluminium camp chair. Folded sizes are stated so you know whether a chair

Hot Sale Folding Adult Moon Saucer Chairs Folding Relaxing Padded Moon Chair

A padded adult moon or saucer chair on a folding metal frame in black, built as a relaxing seat rather than a compact camp chair. The round padded shell cradles the user, which is why this pattern sells into dorm rooms and games rooms as well as gardens.

Material: Metal | **Color:** black | **Logo:** Customization | **MOQ:** 500pcs | **Packing:** 1pc per carton or as per your request
