

Camping Tool and Gear Storage Bags Catalogue

2 models with published specifications, generated from the same data as intmango.com.

Camping kit does not fail because it is badly made, it fails because it is thrown into a boot with everything else and arrives scratched, bent or missing. These two organisers are sized against the way a car is actually packed: a 41.5 x 23 x 24 cm water-resistant tool bag for hardware, and a 36 x 26 x 34.5 cm collapsible organiser for cookware, bottles, clothes and blankets that folds flat on the way home.

Tough Water-Resistant Tool Storage Bag for Outdoor Adventures

A 41.5 x 23 x 24 cm water-resistant tool and gear bag built for camping, hiking, biking and boating, where loose equipment usually ends up loose in the boot of a car. It is the mid-size option in the camping tool bag range and is quoted from 100 pieces.

Size: 41.5x23x24cm | **MOQ:** 100pcs | **Dimensions:** 16.33" X 9.45" X 9.01" – A compact yet spacious design that provides ample room

Collapsible Camping Waterproof Travel Storage Organizer Holder Bag

A 36 x 26 x 34.5 cm collapsible organiser in high-density Oxford cloth with a large main compartment for cookware, bottles, clothes and blankets, plus three exterior pockets for gloves and camping hammers. It folds down flat when it is not in use, so it does not take up storage space between trips.

Size: 36x26x34.5cm | **MOQ:** 100pcs
