

Waterproof Dry Bags and Dry Backpacks Catalogue

5 models with published specifications, generated from the same data as intmango.com.

A dry bag that is sewn and taped will leak once the tape lifts, and it usually lifts in the second season. Mango's dry bags are fully welded, so the waterproof barrier is the material itself rather than a strip glued over the needle holes. TPU is specified where the bag has to stay flexible in cold weather, such as motorcycle luggage, and PVC where abrasion resistance matters more.

30L Outdoor Waterproof Motorcycle Helmet Backpack Dry Bag

A 30-litre TPU dry backpack sized to carry a helmet as well as kit, waterproof and insulated, and supplied in customer colours. TPU keeps the bag flexible in cold weather, which matters on a motorcycle where a stiff bag will not sit against the rider's back.

Product Name: Outdoor Waterproof Motorcycle bag | **Material:** TPU | **Logo:** Customer Logo | **Color:** Customer Color

Wholesale TPU Waterproof Motorcycle Dry Backpack Bag

A 30-litre TPU waterproof bag configured as a backpack, tail bag or tank bag, so one construction covers three positions on the motorcycle. Welded TPU seams keep water out at the joints rather than relying on a coating over stitching.

Capacity: 30L | **Material:** TPU | **Size:** 33.5X22.5X53CM

Waterproof Floating Backpack with Heavy Duty Roll-Top Closure and Exterior Zippered Pocket Dry Bag

A 30 to 40 litre PVC dry backpack with a heavy-duty roll-top closure and an exterior zipped pocket, built for camping and hiking near water. The roll-top traps air so the sealed pack floats rather than sinking if it goes over the side.

Product Name: Waterproof Dry Bag Backpack | **Capacity:** 30L – 40L | **Material:** PVC | **Logo:** Accept Customized Logo

Hike in Style: Personalized 25L Waterproof PVC Dry Backpack

A 25-litre dry backpack at 29 x 13.5 x 45 cm in PVC or TPU, waterproof and insulated, and supplied in customer colours. It is the compact size in the dry bag range, aimed at day hikes and paddle trips rather than multi-day loads.

Product Name: soft cooler bag | **Material:** PVC/TPU | **Logo:** Customer Logo | **Color:** Customer Color | **Size:** 29*13.5*45CM

Waterproof Dry Bag MC 4008

A fully waterproof dry bag in rugged 500D PVC with fully welded seams rather than sewn-and-taped ones, fitted with an adjustable padded strap and an elastic exterior cord for clothing or accessories. The same construction is produced anywhere from 2 to 80 litres in multiple colours, so a buyer can range a whole family from one p

Packing: 1pc per poly bag or color box, or do it as your request. How to close this water
