

Folding Camping Beds and Cots Catalogue

1 models with published specifications, generated from the same data as intmango.com.

Camp beds are bought by people who cannot sleep on the ground, and they are almost always too bulky for the car that has to carry them. This cot is 185 cm long unfolded and collapses to 52 x 14 x 14 cm, which is about a third of the packed length of a conventional folding bed, on a 7075 aluminium frame with a side pocket and an inflatable pillow option.

Aluminum Folding Camping Bed Cot MW13001

A 7075 aluminium camping cot measuring 185 x 60 x 13 cm unfolded and 52 x 14 x 14 cm folded, with an attached side pocket for a phone or torch and an inflatable pillow option. It collapses to a bundle a third of a metre long, so it travels in a car boot rather than on a roof rack, and is quoted from 300 pieces with printed logo.
