

Complete Model Index

INGIANT designs and manufactures slip rings and rotary joints that carry power, signals, data, fibre, RF, air and liquid across a continuously rotating interface — so machine builders can turn a joint through 360° without winding or breaking a cable.

Models in this sheet	728
Manufacturer	JiuJiang Ingiant Technology Co., Ltd
Established	2014
Quality system	ISO 9001, GJB9001C, GB/T 19001-2008 / ISO 9001:2008
Standard lead time	7–15 days
Customised lead time	10–20 days simple, 15–40 days complex
Delivery port	Jiujiang, China Mainland
Warranty	12 months from date of sale
