

iTech Smartnet Limited

Export Packing and Shipping Standard

Anti static protection carton grades palletisation and the documentation set released with every tracking number.

Couriers	DHL FedEx UPS EMS or your own nominated account
Freight	Air and sea freight available on volume orders
Incoterms	Confirmed per order at quotation
Duties	Payable by the consignee in the destination country

Inner Protection

Boards optics and modules are wrapped in anti static material. Chassis remain in the original vendor carton with the seal intact wherever the order permits.

Outer Carton

An export grade outer carton is used with corner protection on units above 10 kg. Void fill is applied so contents cannot shift in transit.

Palletisation

Multi unit orders are palletised strapped and stretch wrapped with the packing list attached to the outer for clearance.

Labelling

Labels can be prepared neutrally in your name for direct delivery to an end customer.

Documentation Set

Commercial invoice packing list serial list and applicable certificate pack are issued with the tracking number.

Insurance

Transit insurance at approximately two percent of order value is recommended on higher value consignments.
