Ventilated stretch film, bale netwraps and pallet nets

Jiamei is a professional manufacturer of plastic packaging, established in 1987. We provide a range of packaging products like ventilated stretch film, bale netwraps and pallet nets. Our factory is located in the industrial zone of Tangxia Town, Ruian City, Zhejiang Province, close to Wenzhou airport and Ningbo port. Jiamei has been researching and developing excellent packaging products for more than thirty years, providing high quality and cost effective solutions for both agricultural and industrial markets, and working to reduce the environmental impact of packaging products.

## 1. Ventilated Stretch Film JMSH01 - Prestretchable

| Technical feature       | Machine rolls | Tolerance |
|-------------------------|---------------|-----------|
| Length                  | 1300 m        | —         |
| Width                   | 500 mm        | +/-5%     |
| Average thickness       | 25 µm         | +/-2 µm   |
| Prestretch              | 230%          | —         |
| Elongation at break     | 250%          | +/-10%    |
| Tensile stress at break | 26 kg         | +/-10%    |
| Number of holes         | 13            | —         |
| Weight per metre        | 8.5 g         | +/-5%     |
| Weight per roll         | 11 kg         | +/-5%     |

## 2. Ventilated Stretch Film JMSH02 and JMSH03 - Already Prestretched

| Technical feature       | Machine rolls | Manual rolls | Tolerance |
|-------------------------|---------------|--------------|-----------|
| Length                  | 3500 m        | 440 m        | —         |
| Width                   | 430 mm        | 430 mm       | +/-5%     |
| Average thickness       | 8 µm          | 8 µm         | +/-2 µm   |
| Prestretch              | 50%           | 50%          | —         |
| Elongation at break     | 55%           | 55%          | +/-5%     |
| Tensile stress at break | 15 kg         | 15 kg        | +/-5%     |
| Number of holes         | 13            | 13           | —         |
| Weight per metre        | 3.1 g         | 3.1 g        | +/-5%     |
| Weight per roll         | 11 kg         | 1.37 kg      | —         |

### 3. Pallet Netting Standard

| Item                | Specification                               |
|---------------------|---------------------------------------------|
| Material            | 100% virgin HDPE                            |
| Roll widths         | 30 cm / 50 cm / 76 cm                       |
| Inner core diameter | 3 inch or 2 inch, to your request           |
| Manual rolls        | 500 m to 1000 m                             |
| Automatic rolls     | 3000 m to 4000 m                            |
| Application         | Manual and automatic use are both available |

### 4. Pallet Netting Elastic

| Item                | Specification                               |
|---------------------|---------------------------------------------|
| Material            | 100% virgin MPE                             |
| Stretch rate        | 15% to 50%, determined by weight            |
| Roll widths         | 30 cm / 50 cm / 76 cm                       |
| Inner core diameter | 3 inch or 2 inch, to your request           |
| Manual rolls        | 500 m to 1000 m                             |
| Automatic rolls     | 3000 m to 4000 m                            |
| Application         | Manual and automatic use are both available |

## 5. Bale Netwraps

Bale netwraps are part of the Jiamei range. Specifications are confirmed on enquiry rather than published, so contact us for the current data.

## Applications

Breweries, soft drinks, pasteurised goods, canned foods, pharmacies, dairy, fruit and vegetable, plants, meat, fish and frozen snacks.
