Cement Mortar Pointing Guns Specification Sheet

Hand-loaded pointing guns for cement and mortar joints, with round, flat and interchangeable nozzles

Three guns for filling joints with wet mortar rather than with cartridge sealant. The barrel is loaded by hand, so nozzle shape is what decides the bead: JS8614-3 comes with five interchangeable nozzles, JS8614-2 with three, and JS8614-1 is a stainless steel body for buyers who want the tool to outlast the job.

JS8614-1 good quality cement mortar joint filling gun (stainless steel)

The stainless steel pointing gun: a full stainless steel body at 751 g, with high-wear-resistance rubber sealing rings and a choice of precisely shaped nozzles. It is the model for buyers who would rather pay once than replace a plastic gun every season.

Specification	Value
Net Weight	751g
Packing	1PC/ inner box, 20pcs/ CTN
Color	original, or customized
Carton Size	70*45*54
Colour options	original, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

JS8614-2 good quality cement mortar joint filling gun (reinforced PP)

A high-strength ABS pointing gun at 579 g with three distinct nozzle styles and a reinforced stainless steel rod. Its named applications are window and door gap filling, engineering project seam work and floor crack repairs, which is a precise description of what a pointing gun is actually used for.

Specification	Value
Net Weight	579g
Packing	1PC/ poly bag, 30pcs/ CTN
Color	yellow, or customized
Carton Size	68*46*38
Application	Designed for tasks including window and door gap filling, engineering project seam work, and floor crack repairs, providing versatile solutions

JS8614-3 Interchangeable 5 Nozzles Cement Gun

The five-nozzle pointing gun: high-strength ABS at 650 g with five interchangeable and detachable nozzles, a detachable reinforced stainless steel rod and an enlarged thickened plunger. It is the most versatile pointing gun in the range and the one that covers the widest spread of joint widths from a single tool.

Specification	Value
Net Weight	650/g
Packing	1PC/ poly bag, 20pcs/ CTN
Color	yellow, or customized
Carton Size	70*45*54
Nozzle	Equipped with five interchangeable and detachable nozzles, enhancing flexibility and versatility for construction tasks
Colour options	yellow, or customized
Packing	1PC/ poly bag, 20pcs/ CTN
