PU Foam Guns Specification Sheet

Ten PU foam guns from a 125 g plastic body to a chrome-plated metal gun, with PTFE-coated and standard barrels

Guns for canister polyurethane foam, used for insulating and sealing gaps around windows, doors and services. The range covers three build levels: plastic-bodied guns at 125-190 g, aluminium and metal bodies at 210-350 g, and a PTFE-coated barrel on JS8621-D for crews who do not want to flush the gun between uses.

JS8621 Blue Plastic Foam Gun

The lightest and cheapest foam gun in the range: a plastic body at 125 g, packed two per poly bag and 60 per carton. It is the entry point for canister polyurethane foam, aimed at occasional use and at bundling with a foam canister rather than at surviving a professional crew.

Specification	Value
Net Weight	125g
Packing	2PCS/ poly bag, 60pcs/ CTN
Color	Blue , or customized
Carton Size	62.5*27*42
Colour options	Blue , or customized
Packing	2PCS/ poly bag, 60pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-blue-plastic-foam-gun.html>

JS8621-A Enhanced Orange Foam Gun

A 130 g plastic-bodied foam gun upgraded where it matters: an alloy nozzle in the dispensing section to prevent blockages, and a thickened liquid inlet valve with robust carbon steel securing the canister. It stays in the light, low-cost bracket while fixing the two things that scrap a cheap foam gun.

Specification	Value
Net Weight	130g
Packing	2PCS/ poly bag, 40pcs/ CTN
Color	orange, or customized
Carton Size	38*34*52
Nozzle	The alloy nozzle in the dispensing part ensures a seamless adhesive flow, preventing blockages and enhancing durability
Colour options	orange, or customized
Packing	2PCS/ poly bag, 40pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-enhanced-orange-foam-gun.html>

JS8621-B aluminum alloy spray PU polyurethane foam gun

The all-aluminium handle version: a stainless steel barrel, a copper nozzle and an all-aluminium handle at 275 g, with an aluminium alloy locking mechanism and tail plug. Copper at the nozzle is the upgrade that matters, because it is the material that keeps flow smooth over the gun's life.

Specification	Value
Net Weight	275g
Packing	2PCS/inner box, 40pcs/ CTN
Color	Aluminum primary color, or customized
Carton Size	38*34*52
Barrel	The stainless steel barrel guarantees durability and corrosion resistance, ensuring optimal performance over extended usage
Nozzle	The copper nozzle promotes smooth and precise adhesive flow, preventing blockages and ensuring accurate application
Colour options	Aluminum primary color, or customized
Packing	2PCS/inner box, 40pcs/ CTN
Minimum order	2 000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-b-alluminum-alloy-spray-pu-polyurethane-foam.html>

JS8621-C Plastic spray PU polyurethane foam gun

The first gun in the range with a metal barrel: a stainless steel barrel and an aluminium nozzle on a polypropylene handle, at 190 g, with an aluminium alloy locking mechanism and an aluminium alloy tail plug. The plastic handle keeps the cost down; everything that touches foam or pressure is metal.

Specification	Value
Net Weight	190g
Packing	2PCS/inner box, 40pcs/ CTN
Color	yellow, or customized
Carton Size	38*34*52
Barrel	The stainless steel barrel guarantees durability and corrosion resistance, ensuring optimal performance over extended usage
Nozzle	The aluminum nozzle promotes smooth and precise adhesive flow, preventing blockages and ensuring accurate application
Colour options	yellow, or customized
Packing	2PCS/inner box, 40pcs/ CTN
Minimum order	2 000pcs customised

JS8621-D Teflon Coated Foam Gun

The answer to the only failure mode that matters on a foam gun. The barrel is PTFE coated inside and outside, so foam does not adhere to it and routine cleaning solvent is not needed after each use. Stainless steel barrel, copper nozzle, nylon handle, aluminium alloy lock and end cap, 260 g.

Specification	Value
Net Weight	260g
Packing	2PCS/inner box, 40pcs/ CTN
Color	red, or customized
Carton Size	38*34*52
Barrel	The stainless steel gun barrel ensures durability and corrosion resistance, ensuring consistent performance over time
Nozzle	The copper nozzle ensures smooth and precise adhesive flow, preventing clogs and ensuring accurate application
Colour options	red, or customized
Packing	2PCS/inner box, 40pcs/ CTN
Minimum order	2 000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-d-teflon-coated-foam-gun.html>

JS8621-E Black Handle Metal Foam Gun

The best-finished gun in the foam range: an aluminium alloy body, sandblasted then chrome plated to resist oxidation and rust, at 210 g. It carries the anti-slip output adjuster, an aluminium alloy valve with a thickened rotary valve, a copper nozzle and a baked-enamel metal handle with two finger grooves and a pinch guard.

Specification	Value
Net Weight	210 /g
Packing	2PC/ inner box, 40pcs/ CTN
Color	black, or customized
Carton Size	38*34*52
Surface Treatment	The gun's surface undergoes sandblasting and chrome plating to prevent oxidation, rust, and maintain a smooth finish with superior corrosion resistance
Colour options	black, or customized
Packing	2PC/ inner box, 40pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-e-black-handle-metal-foam-gun.html>

JS8621-F Foam gun with ON/OFF valve (Plastic Handle)

The model with the coating choice: the same red plastic-handled gun is available either with a silver tube or with a Teflon coated tube, at 290 g, with an ON/OFF valve. That makes it the flexible option for a distributor who wants both a coated and an uncoated gun without carrying two model numbers.

Specification	Value
Net Weight	290 g
Packing	2PCS/inner box, 40pcs/ CTN
Color	red handle with silver tube, or red handle with Teflon coating tube , or customized
Carton Size	38*34*52
Colour options	red handle with silver tube, or red handle with Teflon coating tube , or customized
Packing	2PCS/inner box, 40pcs/ CTN
Minimum order	2 000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-f-foam-gun-off-valve-plastic-handle.html>

JS8621-G All Black Metal Foam Gun with ON/OFF valve (plastic dipping trigger)

An all-black metal-bodied foam gun with an ON/OFF valve and a plastic-dipped trigger, at 290 g. The plastic dipping on the trigger is the specific difference from the other all-black models: a metal trigger on a metal gun is cold and slippery, and dipping it fixes both.

Specification	Value
Net Weight	290 /g
Packing	2PC/ inner box, 40pcs/ CTN
Color	black, or customized
Carton Size	38*34*52
Colour options	black, or customized
Packing	2PC/ inner box, 40pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-g-all-black-metal-foam-gun-off.html>

JS8621-H Foam Gun with ON/OFF valve (Yellow and black plastic handle)

A black metal-bodied foam gun with a yellow plastic handle and an ON/OFF valve, at 340 g. The two-colour treatment is the point: a yellow handle on a black body is visible in a van and on a site, and it makes a distributor's range recognisable at a glance.

Specification	Value
Net Weight	340 /g
Packing	2PC/ inner box, 40pcs/ CTN
Color	black metal body with yellow plastic handle, or customized
Carton Size	38*34*52
Colour options	black metal body with yellow plastic handle, or customized
Packing	2PC/ inner box, 40pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8621-h-foam-gun-off-valve-yellow-black.html>

JS8621-I All black Foam Gun with ON/OFF Valve

The heaviest gun in the foam range at 350 g: an all-black metal body with an ON/OFF valve. Where the other models trade weight for cost, this one keeps the metal and accepts the weight, which is what a buyer specifying on robustness rather than on grams is looking for.

Specification	Value
Net Weight	350 /g
Packing	2PC/ inner box, 40pcs/ CTN
Color	black, or customized
Carton Size	38*34*52
Colour options	black, or customized
Packing	2PC/ inner box, 40pcs/ CTN
Minimum order	2000pcs customised
