Sausage Guns Specification Sheet

16 inch and 9 inch guns for 400 ml and 600 ml foil sausage packs, with three, seven or nine bearings

Sausage packs cut packaging waste and cost per litre, which is why curtain wall and facade crews moved to them. These eleven models cover that shift: aluminium and PP barrels from 440 g to 880 g, push forces from 90 KG to 270 KG, and bearing counts from three to nine.

JS-8607 16 inch aluminium alloy sausage silicone caulking gun

The economy 16 inch sausage gun: an aluminium barrel at 510 g with 90 KG push force and a 100 KG tolerance at 25:1. It is the standard-type model in the sausage range, aimed squarely at buyers who want the 600 ml format without paying for bearings.

Specification	Value
Net Weight	510g
Packing	2PCS/ inner box, 24pcs/ CTN
Color	orange, or customized
Carton Size	53.5*34.5*42
Push Force	90KG
Maximum Tolerance	100KG
Drive Ratio	25:1
Colour options	orange, or customized
Packing	2PCS/ inner box, 24pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js-8607-16-inch-aluminium-alloy-sausage-silicone.html>

JS-8607-9" 9 inch aluminum barrel single component applicator sausage pack silicone sealant gun

The short sausage gun in the range: a 9 inch aluminium barrel for 400 ml single-component packs, at 440 g. It is a standard-type applicator, built to be light, simple and economical rather than to post a force figure, and it is the only 9 inch barrel gun we make.

Specification	Value
Net Weight	440g
Packing	2PCS/ inner box, 24pcs/ CTN
Color	blue and siliver, or customized
Carton Size	53.5*34.5*42
Push Force	Depending on the product
Maximum Tolerance	Depending on the product
Drive Ratio	Depending on the product
Colour options	blue and siliver, or customized
Packing	2PCS/ inner box, 24pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js-8607-9-inch-aluminum-barrel-single-component.html>

JS-8608-A 16 inch heavy duty silicone sealant gun sausage caulking gun

The documented successor to the JS-8607, and the point where the sausage range becomes professional. A thicker aluminium tube, a thickened full aluminium alloy handle, a super hard alloy dispensing plate instead of iron, and adjustable anti-drip. 620 g, 160 KG push force, 200 KG tolerance at 27:1.

Specification	Value
Net Weight	620g
Packing	2PCS/ inner box, 20pcs/ CTN
Color	original, golden, blue, or customized
Carton Size	52*45*35.5
Push Force	160KG
Maximum Tolerance	200 KG
Drive Ratio	27 :1
Barrel	The JS8608-A Series features a thicker aluminum tube compared to its predecessor, JS8607
Colour options	original, golden, blue, or customized
Packing	2PCS/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js-8608-16-inch-heavy-duty-silicone-sealant.html>

JS8608-B Heavy duty aluminum alloy caulking gun silicone sausage gun with red trigger

A cost-engineered version of the JS8608 series: the same hard alloy dispensing plate and anodised aluminium tube, but a stamped iron front handle in place of the cast aluminium one. 650 g, 175 KG push force, 200 KG tolerance at 25:1, with a red trigger.

Specification	Value
Net Weight	650 g
Packing	1PC/ inner box, 20pcs/ CTN
Color	blue or customized
Carton Size	60.8*54*35.5
Push Force	175KG
Maximum Tolerance	200KG
Drive Ratio	25:1
Barrel	JS8608-B features a thicker aluminum tube for improved stability and extended lifespan
Colour options	blue or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	1000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8608-b-heavy-duty-aluminum-alloy-caulking-gun.html>

JS8613 high quality 16 inch sausage pack silicone sealant caulking gun (adjustable handle)

The adjustable-ratio sausage gun: manual control of the dispensing ratio from the included accessory, plus automatic anti-drip, on a twelve-point welded body. 676 g, 150 KG push force at 18:1. It is the sausage counterpart to the JS8611 cartridge gun.

Specification	Value
Net Weight	676g
Packing	1PC/ inner box, 20pcs/ CTN
Color	original, golden, blue, or customized
Carton Size	55.5*52*35
Push Force	150KG
Maximum Tolerance	150KG
Drive Ratio	18:1
Barrel	The JS8613 Series features a thicker aluminum tube This enhancement contributes to improved sturdiness and longevity
Colour options	original, golden, blue, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8613-high-quality-16-inch-sausage-pack-silicone.html>

JS8622-B high quality three bearing sausage pack silicone caulking gun

The first bearing-equipped model in the sausage range and the volume professional gun: three bearings at the critical friction points, 180 KG push force with 220 KG tolerance at 25:1, 850 g. Thickened anodised aluminium tube, full aluminium handle, hard alloy dispensing plate and a two-material handle sleeve.

Specification	Value
Net Weight	850 g
Packing	1PC/ inner box, 20pcs/ CTN
Color	blue, or customized
Carton Size	60.8*54*35.5
Push Force	The gun body's exceptional design provides 180KG thrust force, tackling various caulking tasks
Maximum Tolerance	220KG
Drive Ratio	25:1
Colour options	blue, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8622-b-high-quality-three-bearing-sausage-pack.html>

JS8623-A 16 inch 600ml heavy duty plastic silicone sealant gun caulking gun

The injection-moulded PP barrel option: a 16 inch 600 ml gun whose tube is integrally moulded in PP rather than made from aluminium, at 630 g and 150 KG push force. It exists for one reason, which is that a moulded PP barrel survives being dropped in a way an aluminium tube does not.

Specification	Value
Net Weight	630 g
Packing	1PC/ inner box, 20pcs/ CTN
Color	green, or customized
Carton Size	60.8*54*35.5
Push Force	150KG
Maximum Tolerance	150±5KG
Drive Ratio	25:1
Barrel	The gun's tube is constructed through integrated injection molding using PP material, offering exceptional durability that resists damage from accidental drops
Colour options	green, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8623-16-inch-600ml-heavy-duty-plastic-silicone.html>

JS8623-B 16 inch 600ml heavy duty plastic silicone sealant gun caulking gun

The reinforced version of the PP barrel gun: a thicker tube wall, a silicone sleeve over the tube section, three bearings and a full aluminium handle. 835 g, 180 KG push force, 200 KG tolerance at 25:1. It combines the drop resistance of moulded PP with the trigger feel of a bearing gun.

Specification	Value
Net Weight	835 g
Packing	1PC/ inner box, 20pcs/ CTN
Color	green, or customized
Carton Size	60.8*54*35.5
Push Force	180KG
Maximum Tolerance	200KG
Drive Ratio	25:1
Colour options	green, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8623-b-16-inch-600ml-heavy-duty-plastic.html>

JS8626 high quality heavy duty seven bearing sausage pack silicone caulking gun

Seven bearings, 200 KG push force, 240 KG tolerance at 25:1, on a thicker aluminium tube at 880 g. This is the tier where trigger effort drops enough to change how a crew works through a shift, and where the push rod becomes corrosion-resistant stainless steel.

Specification	Value
Net Weight	880g
Packing	1PC/ inner box, 20pcs/ CTN
Color	black, or customized
Carton Size	60.8*54*35.5
Push Force	The gun body design excels, offering 200KG high thrust force, easily handling various caulking tasks
Maximum Tolerance	240KG
Drive Ratio	25:1
Barrel	The gun body is constructed with a thicker aluminum tube, enhancing durability and stability
Colour options	black, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	Ask us customised

JS8633 New Model Nine-Bearings Silicone Gun

The highest-rated gun in the sausage range: 270 KG push force with a 350 KG load-bearing capacity at 25:1, 835 g, on a thickened aluminium tube with oxidation colouring. Four bearings sit at the key friction points, and the two-material handle sleeve pairs a plastic front with a soft silicone rear.

Specification	Value
Net Weight	835 g
Packing	1PC/ inner box, 20pcs/ CTN
Color	blue , or customized
Carton Size	60.8*54*35.5
Push Force	Capable of delivering thrust force of up to 270 kilograms, making it suitable for various caulking tasks
Maximum Tolerance	350KG
Drive Ratio	25:1
Barrel	Constructed with a thickened aluminum tube and treated with an oxidation coloring process, providing not only durability but also an aesthetically pleasing appearance
Material	The front handle is fitted with a plastic sleeve, while the rear handle is encased in a soft silicone sleeve, offering superior grip and control during use
Capacity	With a robust load-bearing capacity of 350 kilograms, ensuring stability and reliability even under heavy loads
Colour options	blue , or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8633-new-model-nine-bearings-silicone-gun.html>

JS8634 high quality heavy duty nine bearing sausage pack silicone caulking gun(with dust cover)

Nine bearings, 250 KG push force, 300 KG tolerance at 25:1, in an 800 g body with a thicker aluminium tube, a stainless steel push rod and a protective dust cap. This is the gun for crews running sealant continuously, and the dust cap is the detail that says who it was designed for.

Specification	Value
Net Weight	800g
Packing	1PC/ inner box, 20pcs/ CTN
Color	blue and siliver, or customized
Carton Size	60.8*54*35.5
Push Force	JS8634 boasts 250KG high thrust force, making it the pinnacle of silicone guns, capable of handling even the most challenging caulking projects
Maximum Tolerance	300KG
Drive Ratio	25:1
Barrel	Featuring a thicker aluminum tube, JS8634 ensures enhanced stability and durability for prolonged use
Colour options	blue and siliver, or customized
Packing	1PC/ inner box, 20pcs/ CTN
Minimum order	Ask us customised
