Two-Component Grout And Anchor Guns Specification Sheet

Dual-component guns in 1:1, 2:1 and 1:4 ratios, up to 420 KG push force and 45:1 drive ratio

Two-component products only work if both parts leave the cartridge in the right proportion. These six guns hold a fixed mix ratio mechanically: 1:1 for epoxy tile grout, 2:1 for epoxy grout, and 1:4 for rebar injection anchor adhesive. Push forces run from 100 KG to 420 KG.

JS8610 -1:4 Rebar Injection Adhesive Gun

The only 1:4 gun in the range, built for injection anchor adhesive used to set rebar and anchor bolts. Two extrusion rods driven from one linkage hold the ratio mechanically, at 170 KG push force and a 30:1 drive ratio, with a 200 KG plus or minus 5 KG tolerance. Welded frame, full aluminium alloy handle, 749 g.

Specification	Value
Net Weight	749g
Packing	1PC/ poly bag, 20pcs/ CTN
Color	orange, or customized
Carton Size	46*36*30
Push Force	170KG
Maximum Tolerance	200KG±5KG
Drive Ratio	30:1
Colour options	orange, or customized
Packing	1PC/ poly bag, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8610-1-4-rebar-injection-adhesive-gun.html>

JS8612-A 1:1 Epoxy Grout Caulking Gun (Plastic Model)

A 1:1 epoxy grout gun in a reinforced plastic body at 250 KG push force and a 300 KG tolerance, 30:1, 1000 g. Three specially reinforced steel supports stop the rod slipping under load, which is how a plastic-bodied gun reaches 300 KG. The blue and yellow body is deliberately visible on a site.

Specification	Value
Net Weight	1000g
Packing	2PCS/inner box, 20pcs/ CTN
Color	blue, or customized
Carton Size	59*41*41.5
Push Force	250KG
Maximum Tolerance	300 KG
Drive Ratio	30:1
Application	The JS8612-A is meticulously designed for efficient application of epoxy grout with a 1:1 ratio, ensuring accurate proportions and excellent construction outcomes
Colour options	blue, or customized
Packing	2PCS/inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8612-1-epoxy-grout-caulking-gun-plastic-model.html>

JS8612-B 1:1 Epoxy Grout Caulking Gun (Plastic Model)

The light 1:1 epoxy grout gun: 100 KG push force at a very high 50:1 drive ratio, 180 KG tolerance, 650 g. The high ratio is the point, delivering volume per squeeze through a mixing nozzle, which suits occasional grouting and DIY as well as professional touch-up work.

Specification	Value
Net Weight	650g
Packing	2PCS/inner box, 20pcs/ CTN
Color	yellow, or customized
Carton Size	59*41*41.5
Push Force	100KG
Maximum Tolerance	180 KG
Drive Ratio	5 0:1
Application	JS8612-B is designed for the application of 1:1 ratio epoxy grout, suitable for various caulking tasks
Colour options	yellow, or customized
Packing	2PCS/inner box, 20pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8612-b-1-epoxy-grout-caulking-gun-plastic.html>

JS8615 2:1 Epoxy Grout Gun (Iron Structure Version)

The 2:1 epoxy grout gun, in an iron structure body with three reinforced steel supports: 200 KG push force, 230 KG plus or minus 5 KG tolerance, 30:1, 970 g. The plunger is powdered metallurgy rather than pressed, and the handle is die-cast aluminium with a wavy front profile.

Specification	Value
Net Weight	970g
Packing	1PC/ poly bag, 12pcs/ CTN
Color	red, or customized
Carton Size	49*40*22
Push Force	200KG
Maximum Tolerance	230KG ±5KG
Drive Ratio	30:1
Application	Designed for accurate application of 1:1 ratio epoxy grout, the JS8615 ensures precise mixing and excellent grouting results
Colour options	red, or customized
Packing	1PC/ poly bag, 12pcs/ CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8615-2-1-epoxy-grout-gun-iron-structure.html>

JS8615-2 1:1 Welding Steel-Type Dual-Component Tile Grout Adhesive Gun (With linkage labor-saving device)

A welded steel 1:1 dual-component grout gun with a linkage labour-saving device: 200 KG push force, 230 KG tolerance, and a 45:1 drive ratio, at 800 g. The high ratio plus the linkage is what keeps a full pack of epoxy workable through a static mixer by hand.

Specification	Value
Net Weight	800g
Packing	12PCS/CTN
Color	red, or customized
Carton Size	62*47*35
Push Force	200KG
Maximum Tolerance	230 KG
Drive Ratio	45:1
Colour options	red, or customized
Packing	12PCS/CTN
Minimum order	2000pcs customised

Full details: <https://www.jinshenghardware.net/products/js8615-2-1-welding-steel-type-dual-component.html>

JS8615-3 1:1 Welding Steel-Type Dual-Component Tile Grout Adhesive Gun (With linkage labor-saving device)

The highest-force gun in the entire catalogue: 420 KG push force with a 500 KG maximum tolerance at 43:1, in welded steel with a linkage labour-saving device, at 1000 g. It exists for the stiffest two-component products and for crews who work through packs continuously.

Specification	Value
Net Weight	1000g
Packing	12PCS/CTN
Color	red, or customized
Carton Size	62*47*35
Push Force	420KG
Maximum Tolerance	500 KG
Drive Ratio	43:1
Colour options	red, or customized
Packing	12PCS/CTN
Minimum order	2000pcs customised
