

GAN WALL CHARGER

UK 45W/65W GaN Slim Wall Charger With Foldable Prongs

The UK-plug version of the K26 GaN platform: 45W to 65W in four port configurations, foldable prongs, universal 100-240V input.

Overview

The UK three-pin body is the hardest of the three plug types to make foldable, because the pins are larger and the fused plug standard leaves less room. This is the K26 GaN platform built into that body, with the same four published configurations: 65W on one Type-C, 65W as Type-C plus USB-A, 45W as dual Type-C and 45W as Type-C plus USB-A. Input is 100-240V, so the unit travels even though the plug does not.

Published Specification

Property	Value
Models	K26-GaN-65W1C1A, K26-GaN-65W1C, K26-GaN-45W2C, K26-GaN-45W1C1A
Plug type	UK
Input	100V-240V ~ 50-60Hz 1.5A
Type-C output (65W)	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A (65W max)
USB-A output	5V/2.4A, 12W max
Type-C output (45W)	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/2.25A (45W max)
Dual C combination	USB-C1 + USB-C2: PD20W + PD20W
C+A combination	Type-C + USB-A: 30W + 12W
Prongs	Foldable
Certification	Confirmed per order; not published on the source page

Rows reading 'not published on the source page' or 'confirmed per order' are figures the factory specification does not publish. They are confirmed in writing rather than estimated.

Key Benefits

- UK three-pin body with foldable prongs, which is rare at this size
- Four port configurations from 45W to 65W
- GaN power stage, so 65W fits a slim housing
- Universal 100-240V input
- Same platform as the EU and US versions, so a multi-market range needs one qualification

Technical Features

- GaN power stage
- Input 100-240V ~ 50-60Hz 1.5A

- 65W single Type-C: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A
- 45W dual Type-C: C1+C2 as PD20W+PD20W
- 45W Type-C plus USB-A: 30W+12W combined
- Foldable UK prongs

Use Guide

- Use the 65W single-C configuration for a laptop
- Loading both ports on the 45W dual-C model gives PD20W + PD20W
- USB-A is capped at 12W
- Fold the pins before putting the charger in a bag
- Order the EU or US version of the same platform for other markets

Applications

- UK and Ireland retail, and markets using the same plug standard
- Corporate IT standardising one adapter across UK offices
- Travel kits for UK-based users
- Retail bundles beside phones and laptops sold without a charger
