

Enquiry Checklist

Eight details turn an enquiry into a quotation on the first reply instead of the third. Fill this in and send it to us on WhatsApp or by email.

#	What we need	Why	Your answer
1	Product or category	For example large steel balls, brass hemispheres, fire pit balls	
2	Diameter	In mm or inches. This drives everything else.	
3	Wall thickness	0.6mm to 16mm depending on forming route	
4	Material and grade	304, 316, 316L, Q235, H62 brass, A6061 aluminium	
5	Surface finish	Mirror, brushed, sandblasted, PVD, titanium, painted, raw	
6	Quantity	Note if this is a sample, a first order or a repeat	
7	Delivery city and country	Needed for freight mode and delivery term	
8	Required delivery date	So we can tell you honestly whether it is achievable	

Also useful

- A drawing, sketch or photograph. Sent over WhatsApp is fine, we work from concepts as readily as from CAD.
- How the piece is fixed on site: bolted, threaded, welded to a base tube, or suspended.
- Whether lighting is needed inside the sphere.
- Whether the site is coastal, pool side or exposed to de-icing salt, which decides 304 against 316.
- Any pattern, lettering or logo to be cut, etched or sandblasted into the surface.

What you get back

- The forming route we recommend and why.
- Material and finish recommendation for the site conditions.
- Lead time against your date.
- Freight mode, delivery term and whether the diameter needs segmentation.
- A price.

Send it

Request a quotation on WhatsApp +86 181 2370 4365 or by email at tinazhou0755@outlook.com. Send diameter, wall thickness, material, finish, quantity and delivery country.
