

Production Equipment List

All twenty-seven process stations with machine model, country of origin and quantity.

PROCESS	PRIMARY EQUIPMENT	ORIGIN	QUANTITY
Film fabricating	Film plotter, Mania 8850-P	USA	1 set
Laminating	MLB laminator	China	1 set
Edge trimming	Automatic edge trimmer	China	1 set
Drilling	Mania CNC driller, 8850-P	Germany	2 sets
Drilling	Hitachi CNC driller, 0310 and 0507	Japan	2 sets
Drilling	CNC driller, MT681AS and DaLiang CNC7800	China	9 sets
Board surface treating	High frequency board surface treating line	China	1 set
Scrubbing	Scrubbing line, WYD-610S-CMC-4 and WYD-610SSMB-4	China	5 sets
Micro-etching	Micro-etching line, WYD 0412	China	1 set
Desmear	Desmear line	China	1 line
Plated through hole	Automatic PTH line, HW05281	China	1 set
Screen printing	Automatic screen printing, MF-608M-PSR-TM	China	1 set
Coating	Rolling coater	China	1 set
Dry film lamination	XBL-240 and Western Magnum XBL-240	China / USA	2 sets
Baking	Oven, VM15 and SMO-8A	China	10 sets
Exposing	Exposure machine, UVE-M720 and UV5-7KW	China	4 sets
Developing	Developing line, WYD-810-GMXYJ	China	2 sets
Plating	Automatic plating line, SanHe 0410	China	1 line
Graphic plating	Automatic graphic plating line, SanHe 0410	China	1 line
Film stripping	Film stripping line, Universal 3ES3ONPM03	China	1 set
Tin stripping	Tin stripping line, Universal 3ES3ONPM03	China	1 set
Etching	Etching line, Universal 3ES3ONPM03	China	1 set
Cleaning	Ultrasonic cleaning machine	China	1 set
Routing	CNC router, DaLiang TL-RU4B, WKGX 3A and JD	China	5 sets
V-cut	CNC V-cut machine	China	1 set
OSP	OSP roller coater, WYD 0302	China	1 set
Packing	Packing machine, SP-5580D	China	2 sets

Facilities were invested from the USA, Japan, Germany and Israel to support production and technical capability, as recorded by the company.
