

OEM Products

Specification sheet • 3 products

Stamped steel components made to a customer drawing or sample, on the same press lines that run our catalogue hardware.

Core Advantages

- Work from a drawing, a sample, or both
- Private label and own label both available
- Same press lines and the same inspection flow as the catalogue range
- Very small minimum order quantity, negotiable by part

Problems This Group Solves

- A discontinued component stops a whole product range
- Small-volume custom parts are hard to place with a factory geared to long runs
- A near-fit standard part means packers, adaptors and rework downstream

Product Specifications

M03 Nail Plate

Sizes (3): 99 x 25 mm • 129 x 25 mm • 129 x 76 mm

Material: Steel strip
