

Packing And Shipping Terms

Standard packing, lead times and commercial terms for orders placed with Qingdao Hometex. Anything here can be changed to your specification; tell us at quotation stage rather than after the order is placed.

Standard packing	1 pc per pp bag, 30 pcs per carton, or as you require
MOQ	Commonly 2000 pcs, with many smaller items at 1000 pcs
Sample time	10 days
Production	45 days after the order is placed
Payment	30% T/T deposit, 70% balance before shipment, or L/C
Port	Qingdao

Packing Options

Option	Detail
Standard	One piece per pp bag, 30 pieces per carton, carton count stated on the packing list.
Retail ready	Header cards, hang tags, woven labels, barcodes and printed retail bags applied at packing to your artwork.
Multi-piece sets	Sets assembled and counted into one bag at packing, with the set count on the packing list.
Gift packing	Printed boxes, ribbon and sleeves produced to your artwork.
Buyer specification	Any carton count, bag type or labelling you require. Send the packing instruction with the order.

Order Timeline

Stage	Duration	What has to happen
Specification	Days 1 to 3	Size, weight, quantity, decoration and target price agreed.
Lab dip	Days 3 to 8	Colour matched on dyed cotton against your Pantone reference or swatch.
Sample	10 days	Production sample made for you to wash, weigh and photograph.
Order placed	Day 0	30% T/T deposit received, production window starts.
Production	45 days	Weaving, dyeing, washing, cutting, hemming, weight check.
Packing	End of production	Bagging, carton packing, pre-shipment inspection.
Shipment	After balance	70% balance before shipment, or L/C at sight.

Container Planning

Towels fill a container by volume long before they reach a weight limit. Ask for the carton dimensions for your specific item before modelling a landed cost, because a small change in carton size changes how many pieces reach your warehouse per container.

Documents Supplied With A Shipment

- Commercial invoice and packing list
- Bill of lading as agreed with your forwarder
- Oeko-Tex Standard 100 evidence for the fabric
- AZO free testing evidence to USA and EU market standard
- BSCI and SEDEX audit references on request
