Checklist

1. The form

A photograph, sketch, render or CAD file. If you are pointing at a piece in our catalogue, send us the page link.

2. The size

Height, or diameter for a sphere. If you are unsure, tell us the viewing distance and the space and we will suggest a size.

3. The finish

Mirror polish, brushed, titanium or gold plating, painted colour, or hollow and perforated work.

4. The setting

Indoor or outdoor, and whether the site is coastal, industrial or urban. This decides the steel grade.

5. The base

Free standing, bolted base plate, cast into a foundation, or wall mounted.

6. Quantity and phases

One piece, a matching pair, or repeat pieces across several phases of a development.

7. Destination and dates

Destination port or city, and your installation date if you have one.

8. Anything you must avoid

Height limits, weight limits, colour restrictions or approval conditions we should know about before designing.
