

Certification File

The certificates and reports that can be supplied with an order.

What Can Be Supplied With An Order

Document	Content
Material certificate	Mill certificate for the steel grade used in the batch
Hardness report	Surface and core hardness readings after heat treatment
Dimensional report	Measured values for the critical features named on the drawing
Test bench report	Flow, efficiency, leakage and sound readings for a rebuilt pump
Packing list and photographs	Carton contents and photographs of the packed goods before shipment

How To Request Documentation

Ask for the documents you need at the time of enquiry rather than after shipment, because some of them are produced during manufacture. Tell us the format your own customer requires and we will confirm what we can issue before you place the order.

A Note On Approvals

We list the documents that genuinely accompany an order rather than claiming approvals we cannot evidence. If you need a specific certification, ask and we will tell you plainly whether we hold it.

Company Details

Company	Nanjing Seimt Hydraulics Inc.
Founded	1998
Address	Guli Industry Zone, Jiangning District, Nanjing, China
