Custom Flags

Custom-printed flags in multiple shapes and sizes for outdoor and indoor branding, with digital full colour printing, PMS colour matching, and finishing options including single reverse, double sided with block-out liner, and grommets or sewn-in tubes.

Boat Flags

Boat flags are custom-printed textile signs designed to hang from a boat's mast or rail, making the vessel visible and distinctive. They carry corporate logos, emblems or decorative designs, and are used for recreational, promotional or identification purposes. Siming Displays prints them on 110g knit polyester using digital full colour printing or silk-screen printing, with options for single reverse or double-sided

Specification	Value

Material	110g knit polyester
Print Method	Digital full colour printing; silk screen printing available
Colours	PMS colour match
Print Sides	Single reverse or double sided with block-out liner
Finishing	Heading with grommets, 3-line or 4-line reinforced stitching
Artwork Formats	AI, EPS, PDF, CDR

Golf Flags

Golf flags mark each hole on a course and keep your brand visible to players from a distance. Siming Displays prints them on 110g knit polyester using digital full colour printing or silk-screen printing, with PMS colour matching and finishes that suit outdoor durability or indoor display. Available in standard sizes 4in X 7in and 14in X 20in, or custom sizes, with choices in shape—rectangle, pennant, or swallowtail—

Specification	Value

Colours	PMS colour match

Print Sides	Single reverse or double sided with block-out liner
Finishing	Sewn-in golf tube or canvas header with grommets
Artwork Formats	AI, EPS, PDF, CDR

Windsock Flags

Windsock flags are conical textile tubes that inflate when air flows through the wider opening and out the narrower end, making them visible indicators of wind direction and speed. They are used at airports, industrial sites, agricultural zones, oil exploration areas, and along highways in windy locations. Siming Displays manufactures them on 100D polyester or 110g knit polyester using digital full colour dye-sublima

Specification	Value
Common Sizes	6in X 24in, 8in X 36in, 10in X 36in, 18in X 48in, 18in X 60in, 18in X 72in

Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single reverse
Finishing	Hemmed edges, grommets around the large opening
Artwork Formats	AI, EPS, PDF, CDR

Body Flags

Body flags, also known as cape or spirit flags, are wearable custom-printed banners designed for team pride, event promotion, and public display. Constructed with two sewn sleeves and arm holes, they fit over the shoulders like a jacket and flow like a cape when worn. Printed on 100D polyester or 110g knit polyester using digital full colour printing, they are durable, weather resistant, and maintain colour integrity

Specification	Value
Common Sizes	2ft x 3ft (children), 3ft x 5ft (adults)

Finishing	Pole sleeve sewn into top edge
Artwork Formats	AI, EPS, PDF, CDR

Car Mirror Flags

Car mirror flags cover the back of vehicle wing mirrors while leaving the mirror surface fully exposed, making them ideal for delivery drivers, ride-share platforms, sports teams, and brand ambassadors. Printed on 180g stretch polyester using digital full colour dye sublimation, they show your logo or message clearly on both sides of the car. Available in two standard sizes—24 x 27cm for small cars and 25 x 35cm for

Finishing	Sewn edges, heat cut edges
Staff	Plastic staff, solid plastic staff, wooden dowel
Artwork Formats	AI, EPS, PDF, CDR

Beach Flags

Tall sleeve-mounted flags on sectional poles that stay readable outdoors when there is no wind, supplied as a complete set with pole, base and carrying bag.

Feather Flags

Feather flags put a tall printed shape on a kerb, a beach or a trade-show aisle and keep it readable when there is no wind at all. The sleeve slides over a sectional pole that holds the fabric open, so the graphic stays visible instead of hanging limp the way a rope-and-pole flag does. Siming Displays prints them on 110g knit polyester by dye sublimation, matches PMS colours from your artwork, and ships the flag, pole

Specification	Value
Common Sizes	67 x 209cm (240cm height), 75 x 315cm (350cm height), 80 x 420cm (480cm height)
Shape	Feather, with convex concave angled or straight bottom
Material	110g knit polyester
Print Method	Digital full colour printing; silk screen printing available
Colours	PMS colour match
Print Sides	Single reverse or double sided with block-out liner
Poles	Common aluminium plus fibreglass, or fully fibreglass sectional poles
Set Contents	Flag, flag pole, base, water bag, carrying bag
Artwork Formats	AI, EPS, PDF, CDR

Teardrop Flags

Teardrop flags are the most multipurpose and effective promotional device, designed to stay visible in any weather and across any event setting. They feature a teardrop shape that resists flapping and maintains readability even in low wind. Siming Displays prints them on 110g knit polyester using digital full colour printing, matches PMS colours from your artwork, and ships each flag as a complete set with pole, base

Specification	Value
Common Sizes	80 x 193cm (220cm height), 100 x 307cm (350cm height), 122 x 367cm (450cm height)
Shape	Teardrop
Material	110g knit polyester
Print Method	Digital full colour printing; silk screen printing available
Colours	PMS colour match
Print Sides	Single reverse or double sided with block-out liner
Poles	Common aluminium plus fibreglass sectional poles or fully fibreglass sectional poles
Set Contents	Flag, flag pole, base, water bag, carrying bag
Artwork Formats	AI, EPS, PDF, CDR

Rectangular Flags

Rectangular banner flags display your logo or message clearly in any weather, without relying on wind to stay visible. The horizontal pole arm and flat top ensure your design remains legible and fully exposed, with more print space than curved flag types. Siming Displays prints them on 110g knit polyester using digital full colour or silk-screen printing, with PMS colour matching and options for single reverse or dou

Specification	Value
---------------	-------

Common Sizes	70 x 220cm (270cm height), 70 x 280cm (330cm height), 70 x 380cm (430cm height)
Shape	Rectangle with horizontal pole arm
Material	110g knit polyester
Print Method	Digital full colour printing; silk screen printing available
Colours	PMS colour match
Print Sides	Single reverse or double sided with block-out liner
Poles	Fully aluminium sectional poles
Set Contents	Flag, upright pole, horizontal pole, base, water bag, carrying bag
Artwork Formats	AI, EPS, PDF, CDR

Custom Banners

Custom-printed banners in multiple formats for outdoor and indoor event branding, trade shows, and promotional campaigns, with digital full colour printing, PMS colour matching, and finishing options tailored to site conditions.

Mesh Banners

Mesh banners handle strong winds without flapping or tearing, thanks to their perforated polyester fabric that lets air pass through. This reduces the sail effect while keeping the message visible from both sides. Siming Displays prints them using digital full colour printing on 120g mesh polyester, matches PMS colours from your artwork, and offers custom sizes beyond the standard 4ft X 12ft, 4ft X 24ft, 5ft X 12ft,

Specification	Value
Common Sizes	4ft X 12ft, 4ft X 24ft, 5ft X 12ft, 5ft X 24ft, 6ft X 12ft, 6ft X 24ft
Custom Size	Available upon request
Shape	Rectangle
Material	120g mesh polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single reverse
Finishing Options	Hemmed edges, grommets, pole sleeves
Artwork Formats	AI, EPS, PDF, CDR

Podium Banners

Podium banners add a professional, branded presence to lecterns at schools, churches, government events and auditoriums. They are printed in full colour on satin or premium polyester fabric using digital printing, with options for single or double-sided display. Standard sizes include 18in x 24in, 22in x 30in, 24in x 36in and 30in x 60in, with custom sizes available. Each banner includes a dowel, hanging cord, tassel

Specification	Value
Common Sizes	18in x 24in, 22in x 30in, 24in x 36in, 30in x 60in
Custom Size	Available upon request
Shape	Straight-cut, V-cut, Swallowtail
Material	Satin, premium polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single or double sided
Finishing	Heat-cut edges, grommets, Velcro, spear or ball ends, fringe, tassels, hanging cord
Set Contents	Banner, dowel, hanging cord, tassels and/or fringe

Avenue Banners

Avenue banners are rectangular signs mounted on street or light poles to attract attention from drivers and pedestrians in shopping districts, neighborhoods and event zones. Siming Displays prints them on 28oz vinyl or 300D polyester using digital full colour printing, with options for double-sided construction, pole sleeves at top and bottom, and brass grommets. Standard sizes include 18in x 36in, 24in x 36in, 24in

Specification	Value
---------------	-------

Common Sizes	18in X 36in, 24in X 36in, 24in X 54in, 30in X 60in, 30in X 72in
Custom Size	Available
Shape	Rectangle
Material	28oz vinyl, 300D polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single sided or double sided with block-out liner
Finishing	Pole sleeve on top and bottom, brass grommets, die cut or sewn edges
Wind Slit	Available as option

Breakaway Banners

Breakaway banners are designed for high-energy sports events where players run through the banner to energise the crowd and celebrate team spirit. Made from durable polyester fabric, the banner splits cleanly in two when run through, with Velcro holding the halves together during display. The two-piece construction allows for easy setup on poles on either side, and the banner is fully reusable across multiple seasons

Specification	Value
Common Sizes	12' X 4', 10' X 6', 12' X 8', 14' X 10'
Shape	Rectangle
Material	110g knit polyester, 250g knit polyester, 100D polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Finishing	Sewn edges, pole sleeve on left and right, Velcro in the middle
Artwork Formats	AI, EPS, PDF, CDR

Vinyl Banners

Vinyl banners deliver bold, durable outdoor advertising that resists weather and lasts for years. Made from 13oz commercial grade vinyl, they are digitally printed with full colour artwork and finished with hemmed edges and grommets for secure hanging. Available in standard sizes from 2ft X 6ft to 4ft X 20ft, or custom dimensions, they suit any event, storefront, or campaign. PMS colour matching ensures brand consist

Banner Stands and Displays

Portable, custom-printed banner stands and displays for trade shows, events, retail spaces and promotional campaigns, supplied with full hardware and ready to assemble on site.

Backdrop Banner Stands

Backdrop banner stands deliver a stable, professional display for large-format banners at trade shows, photo booths, red carpets and media events. The stand uses a telescopic aluminium frame adjustable from 3.5 to 8 feet in height and 5 to 10 feet in width, allowing it to fit banners in multiple sizes. Printed on 250g knit polyester with digital full colour printing, the banner features pole sleeves at top and bottom

Specification	Value
Common Sizes	8ft x 8ft, 8ft x 10ft
Custom Sizes	Available upon request
Shape	Rectangle
Material	250g knit polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single sided
Finishing	Hemmed edges, pole sleeves top and bottom with side grommets
Adjustability	Height 3.5–8ft, width 5–10ft

Backpack Flags

Backpack flags deliver mobile branding that moves with you at trade shows, festivals, street promotions and high-traffic events. The lightweight design lets users carry a full-sized printed flag on their back while keeping hands free to hand out samples or flyers. Constructed with a sectional pole and reinforced backpack, it assembles in three steps with no tools. Available in teardrop, feather, rectangle and X-banner

Specification	Value
Common Sizes	21.5in X 41.2in (Teardrop style), 15.7" X 43.2" (Feather style), 15.7" X 49.2" (Rectangle style), 17.7" X 47.2" (X-Banner style)
Shape	Teardrop, Feather, Rectangle, X-Banner
Material	110g knit polyester, 100D polyester
Print Method	Digital full colour printing; silk screen printing available
Colours	PMS colour match
Print Sides	Single reverse or double sided with block-out liner
Poles	Sectional aluminium or fibreglass poles
Set Contents	Backpack flag, sectional pole, reinforced backpack with straps and buckle, carrying bag
Artwork Formats	AI, EPS, PDF, CDR

Fabric Banner Stands

Fabric banner stands deliver a quick, stable display for trade shows, retail spaces, and event marketing. The interlocking aluminum frame fits together in minutes, and the 250g knit polyester graphic wraps around the frame like a pillowcase. Available in 7 standard sizes with solid steel base plates or 4 larger sizes with aluminum alloy feet, they support single-sided or double-sided printing with PMS colour matching

Specification	Value
---------------	-------

Common Sizes	24in X 90in, 30in X 90in, 32in X 90in, 34in X 90in, 36in X 90in, 48in X 90in, 60in X 90in (solid steel base); 96in X 90in, 115in X 90in, 160in X 90in, 200in X 90in (aluminum alloy feet)
Shape	Vertical rectangle
Material	250g knit polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single sided or double sided with block-out liner
Finishing	Hemmed edges
Base Type	Solid steel base plate or aluminum alloy feet
Set Contents	Interlocking aluminum tube frame, heavy duty metal base plate, single or double sided fabric graphic, free canvas carrying bag

X-Banner Stands

X-banner stands deliver a taut, professional display for indoor trade shows, retail spaces and event booths. The X-frame design pulls the banner tight, eliminating wrinkles and ensuring the graphic stays sharp. Siming Displays prints on 250g knitted polyester using digital full colour printing, matches PMS colours, and ships each stand as a complete set with banner, frame and carrying bag. Sizes adjust from 24in x 63

Specification	Value
Common Sizes	24in x 63in, 30in x 72in
Adjustable Range	Width 24in to 30in, Height 63in to 72in
Shape	Rectangle
Material	250g knitted polyester
Print Method	Digital full colour printing
Colours	PMS colour match
Print Sides	Single sided
Finishing	Hemmed edges, grommets at all four corners
Set Contents	Custom printed banner, X-frame, carrying bag

Pop Up A-frame Banners

Pop Up A-Frame banners are lightweight, portable displays that set up in seconds and fold flat for storage. The spring-loaded metal frame pops open automatically when unzipped from the carrying bag, making them ideal for trade shows, sports events, retail promotions and directional signage. Each set includes a double-sided fabric banner, ground stakes for soft surfaces, and a durable carrying bag. Available in multip

Specification	Value
