

UPLUMIN LIGHTING

Product Catalogue

All 56 products in current production, grouped by category. Zhongshan Uplumin Lighting Co., Ltd, Henglan Town, Zhongshan City, Guangdong.

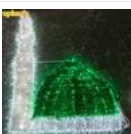

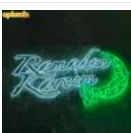

Company

Manufacturer	Zhongshan Uplumin Lighting Co., Ltd
Making festival lighting since	2013
Factory	No. 209, Lane 6, Tiebian West Road, Henglan Town, Zhongshan City, Guangdong, China 528478
Sales office	Nanshan District, Shenzhen City, China
Export markets	Middle East, Europe, Russia, Japan, North America, South America
Standard lead time	7-9 days
Custom lead time	20-30 days after sample approval
Certificates	CE EMC, CE Low Voltage and RoHS for the UPL-S series LED string light

Motif Light

Welded metal frames wrapped by hand and wired with Epistar LED string light, built as sculptures for streets, malls and parks.

29 products

	Ramadan Arabic Calligraphy Motif Light A vertical calligraphy panel in gold, built as a flat welded frame for pole and facade mounting.
	Happy Eid Crescent Motif Light An English-language Eid greeting set above a large crescent, outlined in multi-colour LED.
	Ramadan Drummer and Lantern Figure Motif Light A pair of free-standing figure motifs on ground frames, representing the traditional Ramadan drummer and lantern bearer.
	Ramadan Crescent Lantern and Star Motif Light A filled crescent in purple with a gold lantern and minaret set inside it and a star on the upper horn.
	Ramadan Crescent Star and Minaret Motif Light A clean single-colour gold outline of a crescent enclosing a minaret, with a star on the outer edge.
	Eid Mubarak Greeting Motif Light A horizontal greeting panel in green with Eid Mubarak lettering set between a mosque and a camel silhouette.
	Ramadan Mosque Dome Motif Light A green filled dome with a white tinsel minaret rising beside it, built as an architectural rather than a decorative motif.
	Ramadan Kareem Crescent and Mosque Motif Light A green outline crescent with a mosque silhouette inside it and Ramadan Kareem lettering below, combining greeting and symbol in a single unit.
	Ramadan Kareem Script Motif Light A flowing script rendering of Ramadan Kareem in green with a small crescent, built as a decorative lettering motif.
	Custom Size Ramadan Crescent and Minaret Motif Light The crescent and minaret composition offered as a made-to-size unit rather than a fixed catalogue size.
	Ramadan Crescent and Mosque Silhouette Motif Light A filled purple crescent with a detailed gold mosque silhouette set within its curve, the most heavily detailed piece in the Ramadan range.

	Ramadan Lantern Column Motif Light A tall narrow lantern column in gold, photographed installed on a street at night.
	Moon and Star Motif Light A gold crescent with a blue crescent and star nested inside it, built as a two-colour outline panel.
	Ramadan Fanous Lantern Motif Light A single traditional fanous lantern in gold, framed by a crescent that forms the hanging loop.
	Candy Cane and Holly Motif Light Crossed red and white candy canes tied with a green holly bow, one of the most ordered Christmas street motifs there is.
	Branch Tree Motif Light A bare branching tree outlined in cool blue on a flat frame, a winter subject that needs no snow to work.
	Crocodile Motif Light A green crocodile outlined on a ground-standing frame, built for zoo, safari and children's attractions.
	Lion Motif Light A gold lion in a seated pose on a ground frame, the upright focal figure of the animal range.
	Snake Motif Light A coiled snake in purple and gold on a ground frame.
	Bear Motif Light A seated bear in white and gold on a ground frame, the softest figure in the animal range and the one aimed at younger audiences.
	Custom Letter Sign Motif Light Free-standing illuminated letters spelling a place or brand name, built on individual ground frames with decorative motifs between them.
	Giant Christmas Bulb Motif Light Oversized C9-style bulb sculptures in saturated colours, set directly on the ground in a cluster.
	Christmas Bauble Ball Arch Motif Light A giant bauble with an archway cut through its lower half, so a familiar ornament becomes something people walk through.
	Bauble Ball Arch Walkway Motif Light The bauble arch repeated along a route in warm gold to form a short walkway.

	Hot Air Balloon Motif Light Sculpture A gold hot air balloon with a woven basket, standing on a ground frame.
	Tree of Life Fibre Optic Light Sculpture A tall fountain-form sculpture built from fibre optic strands falling from a central crown, so the light appears to pour downwards.
	Luminous Fountain Tree Light Sculpture A wider, lower fountain sculpture than the Tree of Life, with the strand fall spread into a dome rather than a column.
	Cone Christmas Tree Motif Light A geometric cone tree with a spiral of red and green and a star at the apex, photographed installed outdoors.
	Cascading Fountain Tree Motif Light A blue cascade form built on a motif frame, with light falling from a central column out to the ground in a fountain profile.

2D Motif Light

Flat-profile motif panels for cross-street brackets, facades, railings and pole mounting, including a deep Ramadan and Eid range.

21 products

	Ramadan Arabic Calligraphy Motif Light A vertical calligraphy panel in gold, built as a flat welded frame for pole and facade mounting.

	Bear Motif Light A seated bear in white and gold on a ground frame, the softest figure in the animal range and the one aimed at younger audiences.
	Custom Letter Sign Motif Light Free-standing illuminated letters spelling a place or brand name, built on individual ground frames with decorative motifs between them.

3D Motif Light

Free-standing three-dimensional light sculptures — baubles, arches, giant bulbs and balloons — that work as photo spots.

4 products

	Giant Christmas Bulb Motif Light Oversized C9-style bulb sculptures in saturated colours, set directly on the ground in a cluster.
	Christmas Bauble Ball Arch Motif Light A giant bauble with an archway cut through its lower half, so a familiar ornament becomes something people walk through.
	Bauble Ball Arch Walkway Motif Light The bauble arch repeated along a route in warm gold to form a short walkway.
	Hot Air Balloon Motif Light Sculpture A gold hot air balloon with a woven basket, standing on a ground frame.

Christmas Tree Motif Light

Cone trees, cascade trees and fibre optic tree sculptures for town squares, malls and hotel lobbies.

4 products

	Tree of Life Fibre Optic Light Sculpture A tall fountain-form sculpture built from fibre optic strands falling from a central crown, so the light appears to pour downwards.
	Luminous Fountain Tree Light Sculpture A wider, lower fountain sculpture than the Tree of Life, with the strand fall spread into a dome rather than a column.
	Cone Christmas Tree Motif Light A geometric cone tree with a spiral of red and green and a star at the apex, photographed installed outdoors.
	Cascading Fountain Tree Motif Light A blue cascade form built on a motif frame, with light falling from a central column out to the ground in a fountain profile.

String Light

Commercial-grade LED string light in garland, curtain, icicle, net and pixel forms, welded and cased on automated lines.

8 products

	LED Fairy Light Fine-wire warm white string with closely spaced bulbs, supplied in bundles for interior and close-range decoration.
	Waterproof String Light The outdoor-specified string in the garland range, with glued joints and a rubber ring at every connector.
	Rubber Cable String Light The same string construction on environmentally friendly rubber cable instead of PVC.
	LED String Light The core commercial string line, welded, glued and cased on automated machines at around 3000 sets a day.
	LED Curtain Light Vertical drops on a common header, made to the opening rather than to a fixed size.
	LED Icicle Light Rooftop drops at mixed lengths so the fringe reads as icicles rather than as a machine-made edge.
	LED Net Light An even grid of Epistar LEDs on copper-cored cable, made to cover an area in one pass instead of being hand wrapped.
	LED DMX Curtain Light An addressable pixel curtain running the DMX512 protocol, where every LED is its own pixel so the grid can display text, patterns and video.

Garland String Light

Rubber and PVC cable garland string for wrapping trees, facades and structures, extendable to 200 m per feed.

4 products

	LED Fairy Light Fine-wire warm white string with closely spaced bulbs, supplied in bundles for interior and close-range decoration.
	Waterproof String Light The outdoor-specified string in the garland range, with glued joints and a rubber ring at every connector.
	Rubber Cable String Light The same string construction on environmentally friendly rubber cable instead of PVC.
	LED String Light The core commercial string line, welded, glued and cased on automated machines at around 3000 sets a day.

Curtain Light

Hanging curtain and waterfall drops for atriums, stages and window displays.

1 products

LED Curtain Light

Vertical drops on a common header, made to the opening rather than to a fixed size.

Icicle Light

Roofline and eaves icicle drops with mixed drop lengths for a natural fall.

1 products

LED Icicle Light
Roofline drops at mixed lengths so the fringe reads as icicles rather than as a machine-made edge.

Net Light

Even-grid net light for covering hedges, walls, columns and pergolas fast.

1 products

LED Net Light

An even grid of Epistar LEDs on copper-cored cable, made to cover an area in one pass instead of being hand wrapped.

Smart String Light

Addressable pixel and DMX512 curtain light that plays text, patterns and video, rated IP65 for outdoor use.

1 products

LED DMX Curtain Light

An addressable pixel curtain running the DMX512 protocol, where every LED is its own pixel so the grid can display text, patterns and video.

Landscape Light

Pole-mounted light sculptures for parks, plazas and gardens that read as landscape art, not as lighting hardware.

4 products

	Acrylic LED Dandelion Light A dandelion head built from individual acrylic flowers on a powder coated pole, running at AC 12 V.
	Atmosphere Dandelion Light Colour Range The same hand-built head offered across the full colour range — white, warm white, red, green, blue, yellow, purple and RGB — for schemes where colour is doing the design work.
	Simulation Dandelion Light A naturalistic seedhead build with finer, more numerous strands than the acrylic version, designed to read as an actual dandelion rather than as a light fitting.
	LED Dandelion Ball Light A dense spherical head where the strands terminate on the surface of a ball rather than spraying outward, giving a solid geometric globe of light.

Dandelion Light

Acrylic-flower and fibre optic dandelion heads on powder coated poles, made by hand at any size.

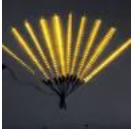

4 products

	Acrylic LED Dandelion Light A dandelion head built from individual acrylic flowers on a powder coated pole, running at AC 12 V.
	Atmosphere Dandelion Light Colour Range The same hand-built head offered across the full colour range — white, warm white, red, green, blue, yellow, purple and RGB — for schemes where colour is doing the design work.
	Simulation Dandelion Light A naturalistic seedhead build with finer, more numerous strands than the acrylic version, designed to read as an actual dandelion rather than as a light fitting.
	LED Dandelion Ball Light A dense spherical head where the strands terminate on the surface of a ball rather than spraying outward, giving a solid geometric globe of light.

Meteor Light Series

Falling-light tube sets on 7 V low voltage, safe to handle and daisy-chainable up to five strings.

5 products

	Green Meteor Shower Light Set Ten 12 inch tubes running a falling-light chase in green, on a 7 V supply.
	Blue Meteor Shower Light Set The same ten-tube set in blue, the colour most associated with winter and water.
	Five Colour Meteor Shower Light Set A ten-tube set with the tubes in five different colours, so the chase falls as a multi-coloured cascade.
	White LED Meteor Shower Light Set The neutral white set, and the one most buyers start with.
	Warm Gold Christmas Meteor Shower Light Set A ten-tube set in warm gold, the version built for Christmas street schemes.

Rope Light

Flexible 100 m PVC rope light with 3600 LEDs per roll for outlining architecture, signage and shapes.

5 products

	RGB Rope Light Colour-changing rope light on a 100 m roll, with the RGB control giving a single product that can serve several events a year.
	Multi Colour Rope Light Rope light with the colours fixed in a repeating sequence along the roll, so a mixed-colour effect arrives without a controller.
	White Rope Light Single-colour white rope on a 100 m roll, the version specified for architectural outlining.
	Flash White Rope Light White rope with a built-in flashing segment, so part of the run twinkles against a steady background.
	LED Rope Light The core single-colour rope light, 100 m per roll with 3600 LEDs, supplied with power cord and plug.

Neon Light

IP68 silicone neon flex at 8 x 16 mm on DC 12 V or 24 V, bent to any shape for lettering and outlines.

1 products

LED Neon Flex Light
Silicone-bodied neon flex at 8 x 16 mm on DC 12 V or 24 V, rated IP68.

Firework Light

Digital LED firework sculptures from 3 m to 10 m that give the burst effect with no smoke, noise or permit.

1 products

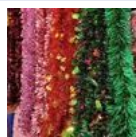

LED Digital Firework Light
A pole-mounted burst sculpture from 3 m to 10 m tall, in galvanized steel with PMMA shades and RGB LED sources.

Accessories and Decoration Material

The PVC tinsel and mesh that gives a motif light its surface, sold by the roll with no minimum order.

3 products

PVC Tinsel Motif Decoration Material

PVC tinsel is the surface that turns a bare welded frame into a motif that reads as an object in daylight.

PVC Mesh Motif Decoration Material

PVC mesh is the flatter alternative to tinsel for motif surfaces, supplied in 1x3 m, 1x5 m and 1x10 m panels.

Coloured PVC Mesh Fabric Rolls

The same mesh construction supplied as full colour rolls for workshops that cut their own panels.
