

Adjustable and Retrofit led wall wash downlight-B

Product Features & Advantage	1, Perfect for creating a beautiful and even illumination on walls, highlighting architectural features or artwork in a space.
	2, Retrofit design for easy installation, no need to replace the original fixture.
	3, Adjustable lighting angle for flexible beam direction and targeted illumination.
	4, Energy-saving, low power consumption and high luminous efficiency.
	5, Long lifespan, reducing maintenance and replacement frequency.
	6, Flicker-free, soft and even light, comfortable for daily use.
	7, Eco-friendly, no mercury or hazardous materials.
	8, Conform CE, RoHS, FCC, SAA, PSE certifications.

General data	General	Material	die-casting aluminum	 
		Finish	black+white trim+grey	
	Electrical	Light efficacy	95 lm/w	
		Input voltage	AC100-240V	
		Power factor (PF)	3-6w (PF 0.6); >7w (PF 0.9)	
	Optical	CCT	2700K/3000K/4000K/6000K	
		Led type	CREE COB	
		CRI	>80/90	
		Beam angle	15°/24°/36°/50°	
		SDCM	<3	
	Function	Control	Non-dim./ Triac Dim. / DALI dim./ 0-10V dim.	
		Tilting angle	30°	
		Rotating angle	360°	
	Durability	IP grade	IP20	
		Operating Temperature	—20°C ~ +40°C	
		Lifespan	>50,000H(L90,Tc=55°C)	
		Warranty	3 years
