

LED linear strip light - RGB IP68

Product Features & Advantage	This is a customized RGB IP68 led linear strip light, for illumination of bathroom or other wet location.		
	1, IP68 full waterproof rating.		
	2, RGB color-changing capability		
	3, Uniform light output, no spot shadow		
	4, Rigid aluminum base for durability		
	5, Low-voltage safe operation		
	6, Easy installation with mounting clips		
	7, Suitable for indoor/outdoor, wet/damp environments		

General data	General	Material	Aluminum Housing	 
		Finish	silver	
	Electrical	Light efficacy	RGB	
		Input voltage	DC12V	
	Optical	CCT	RGB	
		Led type	5050 smd (R:620..635nm; G:520..535nm;B:450..470nm)	
		CRI	>80	
		Beam angle	120°	
		SDCM	<3	
	Function	Dimmable	No dimming	
		Other	/	
	Durability	IP grade	IP68	
		Operating Temperature	-20°C ~ +50°C	
		Storage	-20 °C...+70 °C	
		Relatively humidity	80 %...100 % RH	
		Lifespan	>50,000H(L90,Tc=55°C)	
		Warranty	3years	

Model	LED/ M	Length	Width	Height	
WK-T5050RGB-IP68	30/60/72/96 pcs...	300/500/600/1000/1200mm...	10/12/14/20mm...	8/10/12mm...	w/IP65 connection cable
