Dimensional data available on request.

G-Type Aluminium Handle

Dimensional data available on request.

How To Order

- Send your item list, the quantity per item and your delivery port by email.
- Order volume changes the production schedule, so please confirm both price and delivery time with us before the order is placed.
- Items from different ranges are quoted on one document and consolidated into one container.
- Carton marking, labelling and colour box packing follow your requirement on agreed quantities.
- Where an item in this catalogue is published without dimensions, that data was not released by the factory. Ask and we will confirm it against the production drawing rather than estimate.
