

SENGONG MACHINE CATALOGUE

Accessory Machines

Accessory machines designed to integrate with Sengong's automatic vertical packaging systems for tea and coffee. These include nitrogen gas generators, automatic feeders, material mixers, and coffee bean grinders. They support in-house production lines by automating upstream processes that previousl

1 models listed. Established 2004 in Jimei District, Xiamen. Certified to ISO and CE. Machines exported to the USA, the UK, Italy, Canada, Australia, Russia and Turkey.

Every specification in this catalogue is taken from the machine data published on xiamensengongequipment.com. Ask on WhatsApp for the specification sheet of any single model.

C25 Nylon Tagging Tea Rolling Machine

The C25 uses ultrasonic bonding to attach 20x20 mm label paper to a wide-width film of 120 to 180 mm, running at 40 to 60 marks per minute. It is designed for tea blenders and packers who need consistent, durable labels on pyramid tea bags or hanging-ear coffee bags. The machine ensures precise adhesion, high fastness and a finished product pass rate of 99.8% with automatic shutdown when labels or film are missing. P

Machine model	C25
Machine type	Accessory Machine
Packing material	Nylon, PET, Non-woven, PLA
Label size	20 x 20 mm
Label length	110 - 130 mm
Film width	120, 140, 160, 180 mm
Production speed	40 - 60 marks/min
Bonding method	Ultrasonic
Qty of sealing device	3 sets
Air supply pressure	0.6 MPa

How to Order

Send your product, the bag shape and size you want, the fill weight per bag and the output you need per hour to sales@xiamensengongequipment.com or on WhatsApp at +86 137 7992 2513. We reply with the model, the film option and a delivered price. Machines can be run off with your own tea or coffee before they are crated.
