

SENGONG MACHINE CATALOGUE

Shrink Wrapping Machines

The shrink wrapping machine handles square packing boxes with outer film, designed for consistent, tight wrapping without manual effort. It supports a range of box sizes and film types, enabling reliable packaging for tea, coffee and health product lines that require sealed outer layers for protecti

1 models listed. Established 2004 in Jimei District, Xiamen. Certified to ISO and CE. Machines exported to the USA, the UK, Italy, Canada, Australia, Russia and Turkey.

Every specification in this catalogue is taken from the machine data published on xiamensengongequipment.com. Ask on WhatsApp for the specification sheet of any single model.

SG-400 Automatic Intelligent Middle Seal Shrink Wrapping Machine

The SG400 automatically forms, seals and shrinks POF film around square or rectangular products such as medicine boxes, cosmetic boxes, tea boxes, mobile phone cases and data cable boxes. It runs at 6 to 12 pieces per minute with a 99% product quality rate, using PLC control and servo-driven positioning for consistent wrap alignment. The machine handles film widths from 110 mm to 400 mm and heights from 30 mm to 150

Machine model	SG400
Machine type	Shrink Wrapping Machine
Packing material	POF film
Working length	110 mm - 400 mm
Working width	60 mm - 350 mm
Working height	30 mm - 150 mm
Speed	6 - 12 pcs/min
Power supply	AC 220V 20A 50Hz (single-phase)
Wrapping motor power	5.5 kW
Heat shrink machine power	16 kW

How to Order

Send your product, the bag shape and size you want, the fill weight per bag and the output you need per hour to sales@xiamensengongequipment.com or on WhatsApp at +86 137 7992 2513. We reply with the model, the film option and a delivered price. Machines can be run off with your own tea or coffee before they are crated.
