

PRODUCT CATALOGUE

Special And Non Standard Bearings

Split roller bearings, thin section constant cross section bearings, cam followers, spherical plain bearings and made-to-drawing units.

Manufacturer	XINFEI INDUSTRY GROUP — founded 1995
Brand	AFA, neutral or customer marking
References in this catalogue	390
Material	GCr15, GCr15SiMn, chrome steel; carburised grades on request
Precision classes	P0 P6 P5 P4 P2
Quality standard	ISO 9001 quality assurance system
Delivery	Stock about 3 days; production about 20 to 25 days
Packing	Wood boxes for heavy items, paper boxes for small parts
Payment terms	L/C, T/T, Western Union, PayPal on small orders
Contact	WhatsApp +86 156 0046 7881 · alina@xinfei-industry.com

Who This Category Is For

Conveyor and bulk handling engineers, turbine service companies, machine designers working to a drawing rather than a catalogue.

The Problem It Solves

When the envelope is fixed by an existing machine, a catalogue part simply does not exist and the buyer has to find a factory willing to make one bearing rather than a pallet of them.

Core Technical Advantage

The group has produced non standard and specially required bearings alongside its catalogue range since 1995, so a drawing or a sample can be quoted directly.

Typical Applications

- Conveyor and bulk handling drives
- Turbine and hydrogen turbine assemblies
- Robotics and rotary indexing tables
- Medical and semiconductor equipment
- Retrofit and legacy machine repair

REFERENCE LIST

Special And Non Standard Bearings — 390 References

Dimensions and weights below are reproduced from the manufacturing records. Where a value was never recorded the cell is left blank rather than estimated. Send the reference by WhatsApp or email to confirm current stock and price.
