

Stenter Parts Catalogue

The complete range of 77 stenter machine spare parts manufactured and supplied by Shaoxing Yehang Import & Export Co., Ltd. Grouped by the twelve categories used on yhstenterparts.com.

Keqiao District, Shaoxing, Zhejiang, China · lyn@syehang.com · Reply within 24 hours · Despatch within 7 days

How To Order

Seat profiles, clip geometry and chain pitch changed across stenter frame generations, so a machine model number identifies the machine and not the part. Send one sample part per machine, or a photo with a ruler in the frame. We identify the profile, record it against your account, and repeat orders are then placed by reference. Standard items despatch within 7 days from Shaoxing, Zhejiang.

Monforts Stenter Spare Parts (28 parts)

Pin plates, clips, chains, PEEK wear parts and brush wheels for Monforts frames.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvage Holder	Pneumatic edge holder that keeps the web centred and the selvage open at the stenter infeed.	Selvage Uncurlers and Web Guiders
E+L ELSREADER Pneumatic Selvage Uncurler LPA 03	Air-powered selvage spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvage Uncurlers and Web Guiders
Flat Nylon Selvage Uncurler	Non-abrasive nylon guide that flattens fabric edges without the damage a metal guide causes.	Selvage Uncurlers and Web Guiders
Three Finger Selvage Uncurler For Monforts Stenters	Three adjustable fingers that flatten the edge as it enters a Monforts frame.	Selvage Uncurlers and Web Guiders
PEEK Buffer Block For Monforts Stenters	PEEK buffer block that absorbs impact in the chain path without metal-to-metal contact.	PEEK Nuts Sliders and Bushes
Nylon Selvage Uncurler and Pinning Device Assembly	Complete infeed pinning station with nylon uncurling guides built into the assembly.	Selvage Uncurlers and Web Guiders
Flat Nylon Selvage Uncurler Single Blade	Single-blade nylon uncurler for mills replacing one worn edge guide rather than a full station.	Selvage Uncurlers and Web Guiders
Four Finger Selvage Uncurler For Monforts Stenters	Four adjustable fingers giving a longer, more progressive edge opening zone at the infeed.	Selvage Uncurlers and Web Guiders
LK Pin Plate Holder For Stenter Chains	Chain-mounted holder that carries the pin plate on LK stenter frames.	Pin Plates
PEEK Roller Set For Multi Finger Selvage Uncurlers	Matched PEEK roller set for two, three and four finger uncurler banks.	Selvage Uncurlers and Web Guiders
PEEK Roller For Selvage Uncurler	Replacement PEEK roller for roller-type selvage uncurlers on stenters, pre-shrinking and printing machines.	Selvage Uncurlers and Web Guiders
Monforts Brush Wheel 220 x 167 Nylon High Temperature	The 220 by 167 Monforts wheel specified with high temperature nylon bristle as standard.	Brush Wheels
Brush Wheel For Monforts Stenters 180 x 22	The narrow 180 by 22 Monforts wheel for auxiliary and edge positions.	Brush Wheels
Brush Wheel For Monforts Stenters 220 x 167	The large Monforts brush wheel at 220 by 167, the size most Monforts pin beds use.	Brush Wheels

Part	Description	Family
Carbon Graphite Strip For Monforts Guide Rails	Graphite strip fitted into the guide rail as a low friction running surface.	PEEK Nuts Sliders and Bushes
PEEK Bush For Monforts Stenter Chains	The wear-resistant lining between pin and chain, replacing the original copper mesh lining.	PEEK Nuts Sliders and Bushes
Pin Plate For Monforts Stenters Type 1	Monforts profile pin plate, the first of the two base profiles we hold for Monforts frames.	Pin Plates
Pin Plate For Monforts Stenters Type 2	The second Monforts base profile we hold, for frames whose holder seat differs from Type 1.	Pin Plates
Clip For Monforts Stenters Type 3	Monforts clip that opens at the infeed, closes its knife on the cloth, and reopens at the machine end.	Stenter Clips
Double Use Pin and Clip For Monforts Stenters	One part that works as a pin stenter and as a clip stenter, so the frame runs both ways without a bed change.	Stenter Clips
PEEK Nut For Monforts Stenters Black	The black PEEK grade of the Monforts lead rod nut, same sizes and same self-lubricating behaviour.	PEEK Nuts Sliders and Bushes
PEEK Nut For Monforts Stenters Brown	Self-lubricating adjustable nut for the guide rod that widens the rail, in sizes 44x7, 44x6 and 45x6.	PEEK Nuts Sliders and Bushes
Monforts Stenter Chain Parts	Loose chain components for Monforts oil-free guide frames: connectors, pins, PEEK bushes, dust covers and wear sleeves.	Stenter Chains
Monforts Stenter Chain Type 1	Complete Monforts chain for oil-free guide frames, built with PEEK bush and dust cover.	Stenter Chains
Monforts Stenter Chain Type 2 Lightweight	Lighter and stronger build with PEEK bush and dust cover, for smoother running on the track.	Stenter Chains
Monforts Stenter Chain Type 3 Standard Bush	Lightweight Monforts chain built with standard bushes rather than PEEK, for lines that do not need the upgrade.	Stenter Chains
Clip For Monforts Stenters Type 1	The first of our Monforts clip profiles, for frames whose clip geometry differs from the others.	Stenter Clips
Cloth Cutting Blade 200 x 40 x 2.5	High speed steel blade with sharp edges that trims fabric edges evenly, at 200 by 40 by 2.5 mm.	Cloth Cutting Blades

Bruckner Stenter Spare Parts (16 parts)

Three clip variants, three chain builds, two pin plate profiles and both brush wheel sizes for Bruckner frames.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvage Holder	Pneumatic edge holder that keeps the web centred and the selvage open at the stenter infeed.	Selvage Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvage Uncurler LPA 03	Air-powered selvage spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvage Uncurlers and Web Guiders
Bruckner Stenter Clip Variant C	The third Bruckner clip geometry, completing the set we hold for Bruckner frames.	Stenter Clips
Bruckner Stenter Clip Variant B	The second Bruckner clip geometry, for frames that variant A does not fit.	Stenter Clips
Bruckner Stenter Clip Variant A	Bruckner clip, the first of three variants we hold for Bruckner frames.	Stenter Clips
Bruckner Stenter Clip Chain Section	Bruckner clips supplied already mounted on chain, ready to fit as a section.	Stenter Clips

Part	Description	Family
Bruckner Stenter Chain With Pin Plate Section	Complete Bruckner chain section with pin plates and holders already mounted.	Pin Plates
Lubrication Version Chain For Bruckner Stenters	Bruckner chain built with lubrication provision, for frames that run a greased guide rather than oil-free.	Stenter Chains
Bruckner Stenter Pin Plate Assembly	Pin plate supplied assembled with its Bruckner holder, ready to fit to the chain.	Pin Plates
Bruckner Stenter Chain Type 3	Third Bruckner chain build, completing the set we hold for Bruckner frames.	Stenter Chains
Bruckner Stenter Chain Type 2	Second Bruckner chain build, for frames whose chain geometry differs from Type 1.	Stenter Chains
Bruckner Stenter Chain Type 1	The base Bruckner chain build, supplied by the section with all small parts available separately.	Stenter Chains
Brush Wheel For Bruckner Stenters 220 x 158	The large Bruckner brush wheel at 220 by 158, the main pressing size for Bruckner pin beds.	Brush Wheels
Brush Wheel For Bruckner Stenters 155 x 85	The small Bruckner brush wheel at 155 by 85 for secondary and edge positions.	Brush Wheels
Pin Plate For Bruckner Stenters Type 1	Bruckner profile pin plate with the standard two-row 5 mm pin bed.	Pin Plates
Pin Plate For Bruckner Stenters Type 2	The alternative Bruckner seat profile for frames the Type 1 plate does not fit.	Pin Plates

Artos Stenter Spare Parts (13 parts)

Chains with copper or PEEK sliders, PEEK bushes, two pin plate profiles, clips and 205 by 145 brush wheels.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvage Holder	Pneumatic edge holder that keeps the web centred and the selvage open at the stenter infeed.	Selvage Uncurlers and Web Guiders
E+L ELSREADER Pneumatic Selvage Uncurler LPA 03	Air-powered selvage spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvage Uncurlers and Web Guiders
Artos Stenter Clip	Clip for Artos stenter frames, supplied loose or mounted on Artos chain.	Stenter Clips
Pin Holder For Artos Stenter Chains	The holder that carries the pin plate on an Artos chain, matched to the Artos clip profile.	Stenter Clips
PEEK Bush For Artos Stenter Chains	PEEK bearing bush for Artos chains, easily changed and good for chain life.	PEEK Nuts Sliders and Bushes
Artos Stenter Chain With Copper Slider	Artos oil-free guide chain built with copper sliders and PEEK bushes.	Stenter Chains
Artos Stenter Chain Complete Assembly	Full Artos chain assembly supplied as a run, with all small parts available separately.	Stenter Chains
Artos Stenter Chain With PEEK Slider	Artos chain built with self-lubricating PEEK sliders instead of copper.	Stenter Chains
PEEK Slider For Artos Stenter Chains	Self-lubricating slider that rides the Artos guide rail, replacing the copper slider.	PEEK Nuts Sliders and Bushes
PEEK Nut For IL SUNG Stenters	Self-lubricating lead rod nut cut to the IL SUNG thread, for Korean-built frames.	PEEK Nuts Sliders and Bushes

Part	Description	Family
Brush Wheel For Artos Stenters 205 x 145	The Artos brush wheel size at 205 by 145, supplied with the Artos chain and pin parts.	Brush Wheels
Pin Plate For Artos Stenters	Artos profile pin plate with the standard two-row 5 mm pin bed.	Pin Plates
Pin Plate For Artos Stenters Wide Base	Wide-base Artos pin plate for frames whose holder seat takes the broader plate.	Pin Plates

LK Stenter Spare Parts (10 parts)

Guide rail, chain, chain parts, 76 mm pin plate holders, pin plates, brush wheels and high temperature chain oil.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvege open at the stenter infeed.	Selvege Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvege Uncurler LPA 03	Air-powered selvege spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvege Uncurlers and Web Guiders
Guide Rail For LK Stenters	High quality steel or alloy guide rail for LK frames, adjustable and convertible to Monforts profile.	LK Stenter Spare Parts
LK Stenter Chain Parts	Individual LK chain components for servicing rather than replacing the chain.	Stenter Chains
BESLUX High Temperature Stenter Chain Oil	High viscosity adhesive chain oil that stays on the chain at speed and holds up at temperature.	LK Stenter Spare Parts
LK Pin Plate Holder 76 mm Hold Size	Specialised alloy holder with a 76 mm hold size, shaped to match LK stenter chains.	Pin Plates
Chain For LK Stenter Machines	LK stenter chain available in several types and quality levels, or customised to requirement.	Stenter Chains
Brush Wheel For ALKAN Stenters 225 x 90	The ALKAN brush wheel size at 225 by 90, held alongside the LK range.	Brush Wheels
Brush Wheel For LK Stenters 207 x 80	The LK brush wheel at 207 by 80, part of our complete LK spares range.	Brush Wheels
Pin Plate For LK Stenters	LK profile pin plate, part of our full LK spare parts range including rail, chain and holders.	Pin Plates

IL SUNG Stenter Spare Parts (3 parts)

Pin plates and self-lubricating PEEK lead rod nuts for the Korean-built frames.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvege open at the stenter infeed.	Selvege Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvege Uncurler LPA 03	Air-powered selvege spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvege Uncurlers and Web Guiders
Pin Plate For IL SUNG Stenters	IL SUNG profile pin plate for the Korean-built frames, supplied with matching PEEK nuts.	Pin Plates

Pin Plates and Holders (19 parts)

Pin plates, holders and loose pins for Monforts, Bruckner, Artos, LK, IL SUNG, KRANTZ and EHWHA frames.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvege Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvege Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvege Uncurlers and Web Guiders
EHWHA Pin Plate Holder	Pin plate holder matched to EHWHA frames, the part that carries the plate on the chain.	Pin Plates
Bruckner Stenter Chain With Pin Plate Section	Complete Bruckner chain section with pin plates and holders already mounted.	Pin Plates
Bruckner Stenter Pin Plate Assembly	Pin plate supplied assembled with its Bruckner holder, ready to fit to the chain.	Pin Plates
Pin Plate 642 Small Size	The small-size 642 pin plate for narrow beds and tight pin positions.	Pin Plates
Pin Plate For Artos Stenters	Artos profile pin plate with the standard two-row 5 mm pin bed.	Pin Plates
Pin Plate For KRANTZ Stenters	KRANTZ profile pin plate with the standard two-row 5 mm pin bed.	Pin Plates
Pin Plate 707 and 708	The 707 and 708 pin plate sizes, held as a standing specification.	Pin Plates
Pin Plate For IL SUNG Stenters	IL SUNG profile pin plate for the Korean-built frames, supplied with matching PEEK nuts.	Pin Plates
Stainless Steel Pin Plate For Polyimide Film Lines	High strength stainless pin plate rated to 800 degrees for PI film stenter lines.	Pin Plates
Pin Needles For Textile Stenter Machines	Replacement pins for stenter pin plates, supplied loose for re-pinning rather than plate replacement.	Pin Plates
Pin Plate For Stenter Machines	The standard pin plate: two rows of roughly 5 mm pins at 3 to 4 pins per cm on a hardened base plate.	Pin Plates
Pin Plate For Bruckner Stenters Type 1	Bruckner profile pin plate with the standard two-row 5 mm pin bed.	Pin Plates
Pin Plate For LK Stenters	LK profile pin plate, part of our full LK spare parts range including rail, chain and holders.	Pin Plates
Pin Plate For Bruckner Stenters Type 2	The alternative Bruckner seat profile for frames the Type 1 plate does not fit.	Pin Plates
Pin Plate For Artos Stenters Wide Base	Wide-base Artos pin plate for frames whose holder seat takes the broader plate.	Pin Plates
Pin Plate For Monforts Stenters Type 1	Monforts profile pin plate, the first of the two base profiles we hold for Monforts frames.	Pin Plates
Pin Plate For Monforts Stenters Type 2	The second Monforts base profile we hold, for frames whose holder seat differs from Type 1.	Pin Plates

Stenter Chains (19 parts)

Complete chains and individual components for Monforts, Bruckner, Artos and LK frames, plus Ferraro and Lafer compactors.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvege Uncurlers and Web Guiders

Part	Description	Family
E+L ELSPREADER Pneumatic Selvedge Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvedge Uncurlers and Web Guiders
Chain For Ferraro Compacting Machines	Chain built for Italian Ferraro compacting machines rather than for a stenter frame.	Stenter Chains
Chain For Lafer Compacting Machines	Chain built for Italian Lafer compacting machines, made to sample.	Stenter Chains
LK Pin Plate Holder For Stenter Chains	Chain-mounted holder that carries the pin plate on LK stenter frames.	Pin Plates
Bruckner Stenter Chain With Pin Plate Section	Complete Bruckner chain section with pin plates and holders already mounted.	Pin Plates
Bruckner Stenter Chain Type 3	Third Bruckner chain build, completing the set we hold for Bruckner frames.	Stenter Chains
Bruckner Stenter Chain Type 2	Second Bruckner chain build, for frames whose chain geometry differs from Type 1.	Stenter Chains
Bruckner Stenter Chain Type 1	The base Bruckner chain build, supplied by the section with all small parts available separately.	Stenter Chains
PEEK Bush For Artos Stenter Chains	PEEK bearing bush for Artos chains, easily changed and good for chain life.	PEEK Nuts Sliders and Bushes
Artos Stenter Chain With Copper Slider	Artos oil-free guide chain built with copper sliders and PEEK bushes.	Stenter Chains
Artos Stenter Chain Complete Assembly	Full Artos chain assembly supplied as a run, with all small parts available separately.	Stenter Chains
Artos Stenter Chain With PEEK Slider	Artos chain built with self-lubricating PEEK sliders instead of copper.	Stenter Chains
LK Stenter Chain Parts	Individual LK chain components for servicing rather than replacing the chain.	Stenter Chains
Chain For LK Stenter Machines	LK stenter chain available in several types and quality levels, or customised to requirement.	Stenter Chains
Monforts Stenter Chain Parts	Loose chain components for Monforts oil-free guide frames: connectors, pins, PEEK bushes, dust covers and wear sleeves.	Stenter Chains
Monforts Stenter Chain Type 1	Complete Monforts chain for oil-free guide frames, built with PEEK bush and dust cover.	Stenter Chains
Monforts Stenter Chain Type 2 Lightweight	Lighter and stronger build with PEEK bush and dust cover, for smoother running on the track.	Stenter Chains
Monforts Stenter Chain Type 3 Standard Bush	Lightweight Monforts chain built with standard bushes rather than PEEK, for lines that do not need the upgrade.	Stenter Chains

Stenter Clips (14 parts)

Knife closure clips for Monforts, Bruckner, Artos and Stentex frames, plus a double use pin and clip part.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvedge Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvedge Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvedge Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvedge Uncurlers and Web Guiders

Part	Description	Family
Bruckner Stenter Clip Variant C	The third Bruckner clip geometry, completing the set we hold for Bruckner frames.	Stenter Clips
Bruckner Stenter Clip Variant B	The second Bruckner clip geometry, for frames that variant A does not fit.	Stenter Clips
Bruckner Stenter Clip Variant A	Bruckner clip, the first of three variants we hold for Bruckner frames.	Stenter Clips
Bruckner Stenter Clip Chain Section	Bruckner clips supplied already mounted on chain, ready to fit as a section.	Stenter Clips
Artos Stenter Clip	Clip for Artos stenter frames, supplied loose or mounted on Artos chain.	Stenter Clips
Stentex Stenter Clip	Clip for Stentex stenter frames, reproduced from sample where original spares are scarce.	Stenter Clips
Pin Holder For Artos Stenter Chains	The holder that carries the pin plate on an Artos chain, matched to the Artos clip profile.	Stenter Clips
Pin Plate For Monforts Stenters Type 1	Monforts profile pin plate, the first of the two base profiles we hold for Monforts frames.	Pin Plates
Pin Plate For Monforts Stenters Type 2	The second Monforts base profile we hold, for frames whose holder seat differs from Type 1.	Pin Plates
Clip For Monforts Stenters Type 3	Monforts clip that opens at the infeed, closes its knife on the cloth, and reopens at the machine end.	Stenter Clips
Double Use Pin and Clip For Monforts Stenters	One part that works as a pin stenter and as a clip stenter, so the frame runs both ways without a bed change.	Stenter Clips
Clip For Monforts Stenters Type 1	The first of our Monforts clip profiles, for frames whose clip geometry differs from the others.	Stenter Clips

PEEK Nuts Sliders and Bushes (9 parts)

Self-lubricating PEEK wear parts for lead rods, chains and guide rails, plus carbon graphite rail strip.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvege Uncurlers and Web Guiders
E+L ELSREADER Pneumatic Selvege Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvege Uncurlers and Web Guiders
PEEK Buffer Block For Monforts Stenters	PEEK buffer block that absorbs impact in the chain path without metal-to-metal contact.	PEEK Nuts Sliders and Bushes
PEEK Bush For Artos Stenter Chains	PEEK bearing bush for Artos chains, easily changed and good for chain life.	PEEK Nuts Sliders and Bushes
PEEK Slider For Artos Stenter Chains	Self-lubricating slider that rides the Artos guide rail, replacing the copper slider.	PEEK Nuts Sliders and Bushes
PEEK Nut For IL SUNG Stenters	Self-lubricating lead rod nut cut to the IL SUNG thread, for Korean-built frames.	PEEK Nuts Sliders and Bushes
PEEK Bush For Monforts Stenter Chains	The wear-resistant lining between pin and chain, replacing the original copper mesh lining.	PEEK Nuts Sliders and Bushes
PEEK Nut For Monforts Stenters Black	The black PEEK grade of the Monforts lead rod nut, same sizes and same self-lubricating behaviour.	PEEK Nuts Sliders and Bushes

Part	Description	Family
PEEK Nut For Monforts Stenters Brown	Self-lubricating adjustable nut for the guide rod that widens the rail, in sizes 44x7, 44x6 and 45x6.	PEEK Nuts Sliders and Bushes

Brush Wheels (15 parts)

Twelve sizes across Monforts, Bruckner, Artos, LK, ALKAN, ACC, F2, EHWHA and Unitech frames.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvege Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvege Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvege Uncurlers and Web Guiders
Monforts Brush Wheel 220 x 167 Nylon High Temperature	The 220 by 167 Monforts wheel specified with high temperature nylon bristle as standard.	Brush Wheels
Brush Wheel For EHWHA Stenters	EHWHA brush wheel, made to your sample and supplied with EHWHA pin plate holders.	Brush Wheels
Brush Wheel For Unitech Stenters	Unitex brush wheel for the Italian-built frames, made to your sample.	Brush Wheels
Brush Wheel For ACC Stenters 220 x 158	The large ACC brush wheel at 220 by 158.	Brush Wheels
Brush Wheel F2 205 x 157	The F2 brush wheel size at 205 by 157.	Brush Wheels
Brush Wheel For ACC Stenters 180 x 70	The small ACC brush wheel at 180 by 70 for secondary positions.	Brush Wheels
Brush Wheel For Bruckner Stenters 220 x 158	The large Bruckner brush wheel at 220 by 158, the main pressing size for Bruckner pin beds.	Brush Wheels
Brush Wheel For Bruckner Stenters 155 x 85	The small Bruckner brush wheel at 155 by 85 for secondary and edge positions.	Brush Wheels
Brush Wheel For ALKAN Stenters 225 x 90	The ALKAN brush wheel size at 225 by 90, held alongside the LK range.	Brush Wheels
Brush Wheel For Monforts Stenters 180 x 22	The narrow 180 by 22 Monforts wheel for auxiliary and edge positions.	Brush Wheels
Brush Wheel For LK Stenters 207 x 80	The LK brush wheel at 207 by 80, part of our complete LK spares range.	Brush Wheels
Brush Wheel For Artos Stenters 205 x 145	The Artos brush wheel size at 205 by 145, supplied with the Artos chain and pin parts.	Brush Wheels
Brush Wheel For Monforts Stenters 220 x 167	The large Monforts brush wheel at 220 by 167, the size most Monforts pin beds use.	Brush Wheels

Cloth Cutting Blades (3 parts)

High speed steel selvedge trimming blades, 200 by 40 by 2.5 mm as standard and other sizes to sample.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvege Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvege Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvege Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvege Uncurlers and Web Guiders

Part	Description	Family
Cloth Cutting Blade 200 x 40 x 2.5	High speed steel blade with sharp edges that trims fabric edges evenly, at 200 by 40 by 2.5 mm.	Cloth Cutting Blades

Stenter Equipment and Accessories (2 parts)

E+L web guiders and pneumatic selvedge uncurlers for the stenter infeed.

Part	Description	Family
E+L KF 2020 Pneumatic Web Guider and Selvedge Holder	Pneumatic edge holder that keeps the web centred and the selvedge open at the stenter infeed.	Selvedge Uncurlers and Web Guiders
E+L ELSPREADER Pneumatic Selvedge Uncurler LPA 03	Air-powered selvedge spreader that opens curled edges just before pinning, without touching the cloth hard.	Selvedge Uncurlers and Web Guiders
