LED SPOTLIGHT

Recessed LED Spotlights for Retail and Hospitality Ceilings

Our spotlight programme is the core of the factory. Four families share the same design logic: the diode sits deep behind a coated reflector, the beam angle is chosen per project, and the aperture steps through a fixed ladder of cutout sizes so one ceiling plan can carry several light distributions.

Circular Border Series (12 models)

Twelve round spotlights from 5 W to 30 W with a visible trim ring, cutouts Ø47 mm to Ø95 mm.
