Women's Underwear And Lingerie

Six panty and lingerie blocks covering everyday cotton and modal briefs through to lace trim, embroidered lace and string constructions. Lingerie is the most trim dependent product in this catalogue, so the trim list matters as much as the block.

Bras

Bras are the most component heavy product Youlang makes. Cup, wire, hook and eye, strap, ring and slider each carry their own supplier, lead time and cost, which is why bra programmes are quoted separately from panties.

Product	Type	Summary
Custom Bra Manufacturing Programme	Full bra programme	Push up, moulded, wire free, maternity, invisible, convertible strap and sport bra constructions, produced to your specification and size run.
Moulded Cup And Strapless Bras	Moulded cup	Moulded cup and strapless bras across a multi colour card, with three row hook and eye closures and convertible strap options.

Kids Underwear

Childrenswear is where substance testing and labelling stop being optional. Both kids blocks run through partner mills holding OEKO-TEX Standard 100, and saliva colour fastness is part of the standard test list rather than an extra.
